

U.S. Army Corps of Engineers
BUILDING STRONG®

Exciting Careers *in...* *Real Estate*

The U.S. Army Corps of Engineers (USACE) is one of the world's premier public engineering, design and construction management agencies. USACE includes more than 37,000 dedicated civilians and over 550 soldiers who deliver timely and quality engineering, technical and management services to customers in more than 90 countries. We have a broad range of missions in support of the Department of Defense and the nation to include design and construction of military facilities, engineering research and development, water and natural resource management, and support to other government agencies. We provide the opportunity to work in major cities, small communities and at offices throughout the world.

Real Estate Specialist

Real estate professionals with USACE provide real estate products and services in support of our military, our nation, and the world. They acquire, manage and dispose of land and property. Real estate professionals also oversee and execute improvements required to support military and civil works missions globally. As a USACE real estate professional, you will have the opportunity to travel and live both in the continental United States and abroad.

In addition to offering a challenging and rewarding work environment, we offer competitive salaries, training and outstanding benefits.

For more information on civilian employment opportunities, please visit www.usace.army.mil/employment.
