Chapter 2 Interservice Transfer

2-1. Transfer policy

a. Commissioned officers of the Army who are qualified to contribute to an activity of another Uniformed Service may be transferred and appointed in another Service, subject to this regulation. This will be done without interrupting their service careers.

b. Transfer is for use mainly in technical fields to permit the fullest possible use of officers with critical or unusual skills. However, transfers between the Uniformed Services are not restricted to technical specialists.

c. Officers will be transferred only within the authorized strength limitations of the gaining Uniformed Service.

d. No officer will be transferred without his or her written request or consent.

e. No officer will be transferred from one Uniformed Service and appointed in another Service with a precedence or relative rank higher than that held on the day before transfer.

f. No officer of a Regular Component may be transferred to a Reserve Component of another Service nor may a Reserve Component officer be transferred to a Regular Component of another Service. The National Oceanic and Atmospheric Administration (NOAA) Commissioned Corps does not have a Reserve Component.

g. Release of an officer for an interservice transfer under this regulation is not a release from or fulfillment of the military service obligation established by 10 USC 651 or any other active duty obligation. However, additional service performed after a transfer will be counted toward fulfillment of such obligation.

h. No Army officer will be approved for an interservice transfer until all service obligations incurred under the provision of AR 350-100 and AR 351-3 have been completed.

- i.* Termination of presently held commission and appointment in the gaining Uniformed Service will be accomplished without interrupting the officer's total service. Transferees will receive credit for the total amount of unused leave and military service accrued as of the date before transfer.
- j.* Transfers are subject to concurrence of both the gaining and losing Uniformed Services.
- k.* Applications from officers who have been nonselected for promotion will not be favorably considered.
- l.* Officers who have a mandatory release date (MRD), or have been approved for retirement are ineligible to apply.

2-2. Application for transfer of Army officers

Applications from USUHS students will include a recommendation from the President of USUHS. Each applicant will normally be counseled by the commander of the first headquarters commanded by a colonel through which the application is processed. The commander may, at his or her discretion, designate another field grade officer to do the counseling. If counseling by a colonel is not feasible due to geographical separation, the senior field grade officer assigned near the applicant will do the counseling. The circumstances will be explained in the forwarding endorsement.
- e.* If disapproval is recommended, the specific reasons will be stated in the memorandum. Each memorandum may include any information considered appropriate.
- f.* Army officers who desire transfer and who are now on duty with other Services will submit applications through the commander of the organization to which assigned to the appropriate addressee in paragraph g below.

If the CG, HRC, TJAG, TSG or the Chief of Chaplain (as appropriate) nonconcur, the application will be disapproved by that officer as the designee of the Secretary of the Army. The Surgeon General's office will review all AMEDD and USUHS students interservice transfer requests that involve active duty service obligations (ADSO) related to AMEDD dollars/expenditures, (for example, training, special pays, accession bonuses). b. As an exception to paragraph a above, an officer who transferred from a professional category (such as Chaplain, AMEDD, or Judge Advocate) in the Army to other than the same or a comparable professional category in the gaining Uniformed Service—

b. Except for commissioned officers in the Public Health Service (PHS), a commissioned officer transferred to the Army under an interservice transfer will have his or her Army grade determined using the procedures as provided in paragraph 2-4 for officers transferring out of the Army.
