1226401*

DISTRIBUTION:

Active Army, Army National Guard, and United States Army Reserve: To be distributed in accordance with the initial distribution number (IDN) 115882, requirements for ADP 3-07.

Preface

Army Doctrine Publication (ADP) 3-07 is the Army's doctrine for stability tasks. ADP 3-07 presents overarching doctrinal guidance and direction for conducting these operations, setting the foundation for developing other fundamentals and tactics, techniques, and procedures detailed in subordinate doctrinal publications. It also provides operational guidance for commanders and trainers at all echelons. See Figure 1 on page iv.

The principal audience for ADP 3-07 is the middle and senior leadership of the Army, officers in the rank of major and above, who command Army forces or serve on the staffs that support those commanders. It also applies to the civilian leadership of the Army. This manual is also intended to serve as a resource for the other government agencies, intergovernmental organizations, international organizations, nongovernmental organizations, and private sector entities who seek to better understand the role of the military in broader reconstruction and stabilization efforts.

Commanders, staffs, and subordinates ensure their decisions and actions comply with applicable U.S., international, and, in some cases, host-nation laws and regulations. Commanders at all levels ensure their Soldiers operate in accordance with the law of war and the rules of engagement. See Field Manual (FM) 27-10.

ADP 3-07 implements the standardization agreement entitled Allied Joint Publication-3.4.

ADP 3-07 uses joint terms where applicable. Most terms with joint or Army definitions are in both the glossary and the text. Terms for which ADP 3-07 is the proponent publication (the authority) have an asterisk in the glossary. Definitions for which ADP 3-07 is the proponent publication are in boldfaced text. These terms and their definitions will be in the next revision of FM 1-02. For other definitions in the text, the term is italicized and the number of the proponent publication follows the definition.

ADP 3-07 applies to the Active Army, Army National Guard/Army National Guard of the United States, and United States Army Reserve unless otherwise stated.

The proponent of ADP 3-07 is the United States Army Combined Arms Center. The preparing agency is the United States Army Peacekeeping and Stability Operations Center, U.S. Army War College. Send written comments and recommendations on a DA Form 2028 (Recommended Changes to Publications and Blank Forms) to the preparing agency through Commander, U.S. Army Combined Arms Center, Fort Leavenworth, ATTN: ATZL-MCK-D (ADP 3-07), 300 McPherson Avenue, Fort Leavenworth, KS 66027-2337; by e-mail to usarmy.leavenworth.mccoe.mbx.cadd-org-mailbox@mail.mil; or submit an electronic DA Form 2028.

offensive tasks defensive tasks stability tasks

Stability tasks are tasks conducted as part of operations outside the United States in coordination with other instruments of national power to maintain or reestablish a safe and secure environment, and provide essential governmental services, emergency infrastructure reconstruction, and humanitarian relief.

To do this the Army conducts the primary stability tasks integrated into the joint stability functions and the United States Government stability sectors to achieve the end state conditions ...

These operations must be founded in the stability principles of...
