Regulation
No. 360-2-25

20 April 1982

Army Information
PROPOSED ADVERTISING SCHEDULE OF CIVIL WORKS CONTRACTS

- 1. Purpose. This regulation prescribes procedures to be followed by division and district commanders in making available information on scheduled advertising of Civil Works contracts.
- 2. Applicability. This regulation is applicable to all field operating activities Civil Works functions.
- 3. Reference.

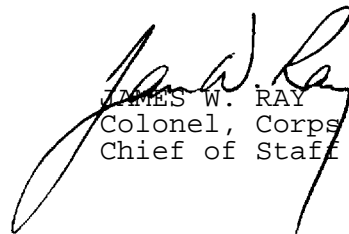

ER 11-2-240

4. General.

a. When detailed project schedules (PB-2a's) required by ER 11-2-240 and based on the approved budget amount have been prepared for the next fiscal year, pertinent data will be extracted therefrom for the information of the construction and manufacturing industry. The publication of this tentative Construction Program will be issued annually before 15 March covering the 19-month period, March through the end of the budget year. The information to be listed should be limited to new items of work estimated to cost \$100,000 or more, to be advertised during that period. The tabulation should include the name of the project, the contract item, the planned date of advertising, and the approximate cost range from \$100,000 to \$500,000; \$500,000 to \$1 million; \$1 million to \$5 million; \$5 million to \$10 million and over \$10 million. Further cost breakdown beyond these ranges is not permitted.

b. Division commanders will consolidate these extracts of construction advertising schedules into a single division publication published in sufficient quantity and distribute to interested potential contractors and other interested members of the construction and manufacturing industry. Five copies will be furnished to CDR USACE (DAEN-CWO-C) WASH DC 20314.
