

Army Regulation 55-46

Transportation and Travel

Travel Overseas

**Headquarters
Department of the Army
Washington, DC
20 June 1994**

Unclassified

SUMMARY of CHANGE

AR 55-46

Travel Overseas

The printing of this UPDATE--

- o Redefines responsibilities for the Headquarters, Department of the Army Staff, major Army commands, and overseas commanders (chap 1).
- o Updates requirements for soldier eligibility to travel overseas (chap 1).
- o Clarifies designated place moves for family members based on selection of soldier's tour (chap 2).
- o Clarifies Army port call availability windows (chap 3).
- o Includes current policy on the decentralization of the Dependent Student Travel Program (chap 4).
- o Incorporates requirements for movement between overseas commands (mandatory concurrent travel for consecutive overseas tours) (chap 5).
- o Includes a new chapter on escort entitlement (chap 6).
- o Includes a new chapter on emergency leave travel entitlement (chap 7).
- o Includes requirements and procedures for temporary duty travel overseas (chap 8).
- o Provides a listing of international airports authorized for soldiers to travel in/out of CONUS on emergency leave travel orders (app E).

Effective 20 July 1994

Transportation and Travel

Travel Overseas

By Order of the Secretary of the Army:

GORDON R. SULLIVAN
General, United States Army
Chief of Staff

Official:

MILTON H. HAMILTON
Administrative Assistant to the
Secretary of the Army

History. This issue publishes a revision of this publication. Because the publication has been extensively revised, the changed portions have not been highlighted.

Summary. This regulation implements the entitlements to travel overseas prescribed in chapters 4, 5, 6, and 7 of the Joint Federal Travel Regulations, Volume 1. In addition,

this regulation implements policy in DoD 4500.54.

Applicability. This regulation applies to the Active Army, the Army National Guard, and the U.S. Army Reserve. This regulation is applicable during mobilization.

Proponent and exception authority. The proponent of this regulation is the Deputy Chief of Staff for Personnel. The proponent has the authority to approve exceptions to this regulation that are consistent with controlling law and regulation. Proponents may delegate the approval authority in writing, to a division chief within the proponent agency who holds the grade of colonel or the civilian equivalent.

Army management control process. This regulation contains management control provisions according to AR 11-2 and contains checklists for conducting management control reviews.

Supplementation. This regulation may be

supplemented by major Army overseas commanders if required. One copy of each supplement will be furnished to HQDA (DAPE-MBB), WASH DC 20310-0300. Other supplementation or establishment of command or local forms is prohibited without prior approval from HQDA (DAPE-MBB), WASH DC 20310-0300.

Suggested Improvements. Users are invited to send comments and suggested improvements on DA Form 2028 (Recommended Changes to Publications and Blank Forms) directly to Commander, U.S. Total Army Personnel Command, ATTN: TAPC-MOT, 200 Stovall St., Alexandria, VA 22332-0433.

Distribution. Distribution of this publication is made in accordance with the requirements on DA Form 12-09-E, block number 3542, intended for command level A for Active Army, Army National Guard, and U.S. Army Reserve.

Chapter 1 Introduction

Section I Overview

1-1. Purpose

- a.* This regulation—
- (1) Establishes policies and prescribes procedures for moving soldiers and their family members.
- (2) Governs the preparation for and travel (transportation at Government expense or on a space available basis) to, from, or between overseas areas, of soldiers and their family members entitled or authorized to travel by law, regulation, or departmental policy.
- b.* This regulation has been reviewed and approved by the Per Diem, Travel and Transportation Allowance Committee (PDTATAC), according to DoD Directive 5154.29, dated 9 March 1993, as PDTATAC Case 930715. According to section 411 of Title 37, United States Code, DoD promulgated the Joint Federal Travel Regulations, Volume 1 (JFTR). The JFTR will take precedence over any inconsistent provision within this regulation.

1-2. References

Required and related publications and prescribed and referenced forms are listed in appendix A.

1-3. Explanation of abbreviations and terms

Abbreviations and terms used in this regulation are explained in the glossary.

Section II Responsibilities

1-4. Deputy Chief of Staff for Personnel

- The Deputy Chief of Staff for Personnel (DCSPER) will—
- a.* Develop policies pertaining to the administrative processing for the movement of soldiers and family members.
- b.* Represent the Army with the PDTATAC.
- c.* Coordinate to ensure continuity in program administration within the uniformed services.
- d.* Act as the approving authority for the Secretary of the Army for personnel travel issues as outlined in appendix B.

1-5. Deputy Chief of Staff for Logistics

The Deputy Chief of Staff for Logistics (DCSLOG) will develop the policies and procedures for travel, and prescribe routes, and modes of travel to and from continental United States (CONUS) and between overseas areas for all Army-sponsored passengers.

1-6. Commanding General, U.S. Total Army Personnel Command

- The Commanding General, U.S. Total Army Personnel Command (PERSCOM) will—
- a.* Act as the command and control element for all Army transient soldiers and family members en route to, from, or between overseas areas.
- b.* Provide emergency logistical and administrative assistance to soldiers, Department of Defense (DoD) civilians, and their family members en route to, from, or between overseas areas.
- c.* Act for the DCSPER as the Army Program Manager for all aspects of the Army Dependent Student Travel Program.
- d.* Provide emergency assistance to students through the toll free student number and Personnel Assistance Points (PAPs).
- e.* Establish reporting requirements for major Army command (MACOM) commanders.
- f.* Approve personnel travel issues as outlined in appendix B.

1-7. Commanding General, Military Traffic Management Command

The Commanding General, Military Traffic Management Command (MTMC) will—

- a.* Monitor and provide guidance for port call effectiveness.
- b.* Develop standardized routing guides for the movement of DoD passengers worldwide.

1-8. Commanders of major Army commands

- Commanders of major Army Commands (MACOMs) will—
- a.* Monitor all family member travel programs within their commands or administrative jurisdictions.
- b.* Ensure eligibility requirements are met for the Dependent Student Travel Program and issue travel orders. Delegation below MACOM level is not authorized without prior approval from Commander, U.S. Total Army Personnel Command, ATTN: TAPC-MOT, 200 Stovall St., Alexandria, VA 22332-0433.
- c.* Establish a primary and alternate program administrator for the Student Travel Program and furnish name, address, phone number, and message address to the PERSCOM Student Travel Office Commander, PERSCOM, ATTN: TAPC-MOT, 200 Stovall St., Alexandria, VA 22332-0433.
- d.* Provide statistical data as required by PERSCOM.
- e.* Establish awareness or public affairs programs for student travel to ensure sponsors understand the entitlement eligibility criteria. MACOMs will encourage sponsors to apply early for the movement of their dependent students.

1-9. Commanders of continental United States installations

- CONUS installation commanders will—
- a.* Determine whether travel of family members is authorized as outlined in this regulation.
- b.* Verify the dependency of family members shown on DA Form 4787-R (Reassignment Processing) by using available documents in the personal financial record (PFR) together with the soldier's Military Personal Records Jacket (MPRJ). Resolve any discrepancies that may exist (for example, wards with limited privileges, custody issues, and so forth). Forward the extremely difficult cases through the chain of command to the DCSPER with these documents included: A command judge advocate review, applicable State law, and court order or custody agreement from that State. Forward the request to HQDA (DAPE-MBB-C), WASH DC 20310-0300.
- c.* Counsel personnel per chapter 2 of this regulation.
- d.* Follow the guidesheet in figure 2-1 for personnel authorized concurrent travel. For unaccompanied personnel who are not authorized concurrent travel, have selected an unaccompanied tour, or who are assigned to a dependent restricted area, follow the guidesheet in figure 2-2.
- e.* Forward available overseas command brochures of general information to individuals concerned, by the most expeditious means, at current military or leave address.
- f.* Issue DD Form 1056 (Authorization for Passport) and DSP-11 (Passport Application) per DoD 1000.21-R, to family members of military personnel eligible for and desiring Government transportation. Forms will be issued at the time of initial processing of application for concurrent travel. This includes close blood and affinitive relatives who are permanent members of the household, whenever this authorization would not violate international agreements between the United States and the country concerned.
- g.* Ensure that the traveler possesses required passports and visas before issuing tickets.
- h.* Approve deferred travel of family members to overseas areas when insufficient time remains for processing passport or concurrent travel applications. Insufficient time is defined as that period when the sponsor has less than 30 days remaining between date of receipt of orders and availability date or reporting date at the transportation area. The overseas commander will be advised of this approval. Exceptions may be coordinated with the gaining MACOM.
- i.* Issue deferred travel authorization when the overseas commander indicates housing will be available between 61 and 140 days, or nonconcurrent travel when housing is unavailable for 140 days. For U.S. Army Europe only, deferred travel is between 31 and 140 days.
- j.* Disapprove applications for concurrent travel when the sponsor

does not qualify for transportation of family members per chapter 2 of this regulation.

k. Disapprove applications for concurrent travel of family members when medical clearance has been denied by the overseas medical command.

l. Administer appropriate immunizations for overseas travel as required by AR 40-562.

m. Issue the travel authorization and perform processing for family members residing in an overseas area when the sponsor is stationed in the United States. The installation transportation office (ITO) will determine the place from which transportation at Government expense is authorized and will clearly state that place in the travel authorization.

n. Approve or disapprove applications for movement of family members to a designated place in CONUS, Alaska, Hawaii, Puerto Rico, or a territory or possession of the United States per chapter 2 of this regulation.

o. Issue authorizations for travel of family members under the Missing Persons Act, per appendix C, figure C-9.

p. Require soldiers (except general officers) who are assigned to an area where application for concurrent travel is authorized, to elect to serve either the "accompanied" tour or the "unaccompanied" tour prior to departure from CONUS.

q. Obtain statements from soldiers who desire to serve the "unaccompanied" tour.

r. Approve concurrent travel for soldiers and family members to an overseas area which is listed as category 1 travel per AR 600-8-11, table 4-3 (except for soldiers with exceptional family members).

s. Prepare original or amendatory orders that include the family's travel decision.

t. Establish a central port call office to support all international passenger movements originating from the installation's geographical area of responsibility.

u. Categories of travel for countries are listed in AR 600-8-11, table 4-3.

1-10. Overseas commanders

Overseas commanders who are responsible for family member travel to their area will—

a. Verify dependency of family members shown on DA Form 4787-R when a soldier is traveling to another overseas command.

b. Complete counseling and processing for soldiers who are traveling within or to an overseas command.

c. Determine and authorize entry and command sponsorship of family members into the overseas command when a soldier is not assigned in a dependent restricted area.

d. Issue travel authorizations for family members entering the overseas command.

e. Furnish an estimated forecast of delay for the travel of family members.

f. Forward command brochures of general information to installation commanders for transmittal to individuals traveling to their commands.

Section III Requirements for Entitlement to Transportation

1-11. Military personnel

If proper under the Joint Federal Travel Regulations (JFTR), Volume I, Chapter 5, Part c (Dependent Allowances for Transportation), commanders may authorize family members to accompany or join their military sponsor overseas at Government expense only when the sponsor fulfills the requirements listed below, or the sponsor exercises the appropriate option provided in paragraph 1-13 of this regulation. This is after it is determined that concurrent travel will be approved or the waiting period for housing is known. The sponsor will—

a. Have sufficient remaining service to complete the overseas tour prescribed for accompanied personnel in the area to which

assigned except as determined by the Secretary of the Army (such as medical officers in certain shortage specialties are authorized to serve 2-year accompanied tours in long tour areas).

b. Have a minimum of 12 months service remaining on the overseas tour after the arrival of family members. Remaining overseas time may be waived by the MACOM.

1-12. Civilian personnel

For requirements for civilian personnel, see the Joint Travel Regulations, Volume II.

1-13. Service requirements

Sponsors with insufficient remaining service to qualify military sponsors who do not meet the service requirements to serve the "accompanied" tour length may overcome this disqualification by taking an appropriate action indicated below.

a. Officers who have an established date of separation must apply for and obtain approval of extension of active duty.

b. Enlisted soldiers must take appropriate action authorized per AR 601-280.

c. When there is less than the minimum 12 months remaining on the sponsor's overseas tour, the sponsor must request an extension of foreign service per AR 614-30.

1-14. Family members of soldiers not entitled to transportation or who enter the command without proper endorsement

a. Commanders will discourage soldiers from moving noncommand-sponsored family members overseas at their own expense to reside in the vicinity of the soldier's duty station.

(1) Family members, not entitled to transportation at Government expense, will not travel to the overseas location on a space required or space available basis. Additionally, if family members are not command-sponsored, their return travel will be at personal expense.

(2) The Department of the Army cannot preclude family members from traveling at their own expense and residing in the vicinity of a soldier's duty station outside CONUS. All concerned must recognize that a soldier's family members have the same travel privileges as other U.S. citizens. Additionally, commanders may not deny military family members, solely on the basis of a noncommand sponsorship status, medical service as provided by law, or post exchange and commissary privileges where these facilities are available to "command sponsored" family members. However, post exchange and commissary privileges may be denied or limited because of international agreements or, in individual cases, because these privileges have been abused (for example, by sales or gifts of purchases to individuals or groups not entitled to these privileges).

(3) If family members enter the area without prior approval and reside in the vicinity of a soldier's duty station, the appropriate commander may, upon the soldier's request and after a reasonable period of time, recognize them as "command sponsored" family members. The commander will also require the soldier to complete the "accompanied" tour or have at least 12 months remaining on the tour after their arrival, whichever is longer. Soldiers must have sufficient remaining service to complete the prescribed tour. It is the commander's prerogative to determine the "reasonable period of time." Subsequent departure of family members will not be cause for a soldier to revert to the unaccompanied tour status.

Note. Overseas commanders will not command sponsor family members present in the vicinity of their overseas duty station unless the station is within an area where an "accompanied" tour is authorized (AR 614-30).

(4) If family members are recognized as "command sponsored", the soldier is entitled to station allowances at the "with dependents" rate. Commanders may also authorize soldiers to mess separately.

(5) Return transportation from a soldier's overseas station to the United States for noncommand-sponsored family members is the financial responsibility of the soldier or the family members. It is expected that, in some cases, soldiers will have insufficient funds to defray the cost of commercial transportation for their family members at the time of their reassignment, resulting in the stranding of

their family members in the overseas area. Major overseas commanders are authorized to approve space available travel, as an exception to policy, in extenuating cases where national embarrassment may result from stranding family members in foreign countries. This authorization should be administered only after all other methods of returning the family members are exhausted (for example, obtaining emergency loans).

Note. Family members acquired by a soldier while serving on an overseas tour, who are citizens of that foreign country, cannot be considered as stranded in that country.

b. Major overseas commanders may approve space available travel for family members acquired in an overseas area during the course of a soldier's tour of duty there (if not otherwise entitled to transportation at Government expense), provided command regulations pertaining to their acquisition were complied with. Additionally, foreign nationals must complete the requirements of the U.S. Immigration and Naturalization Service for entry into the United States. Space available transportation by Air Mobility Command (AMC) aircraft is authorized to the appropriate CONUS aerial port of debarkation (APOD) in conjunction with the soldier's permanent change of station (PCS) from the overseas command. When possible, families will travel with their sponsor, but only when space is available. Family members will be permitted to travel unaccompanied following departure of their sponsor if they cannot be accommodated on the same flight. Since space available travel is not a travel entitlement, soldiers should be advised that approval for this type of travel does not guarantee that space will be available at the time travel is desired and that, if a family member does not want to wait until space becomes available, travel must be by commercial means at personal expense and is nonreimbursable.

c. The provisions of *a*(2) through (5) and *b* above also will be applied when family members are acquired by marriage, or otherwise, in overseas areas with the following exceptions—

(1) When soldiers stationed in Alaska, Hawaii, Puerto Rico or a U.S. territory or possession acquire family members who are bona fide residents of such commonwealth, territory, possession or State, or are officials or other employees of the United States and stationed in Alaska, Hawaii, Puerto Rico or a U.S. territory or possession, the provisions of *a*(3) above will not apply. If otherwise entitled, these personnel are authorized station allowances with family members and transportation of family members at Government expense incident to their next PCS, without being required to serve the tour prescribed for soldiers with family members or to have at least 12 months remaining on the overseas tour after their acquisition.

(2) Soldiers who acquire family members in an overseas area will not be authorized station allowances as soldiers with family members, or transoceanic or overseas land transportation of family members at Government expense incident to their next permanent change of station unless they meet tour length requirements and obtain command sponsorship. Soldiers who acquire family members overseas and who are not eligible for transoceanic or overseas land transportation, but are otherwise eligible for transportation of family members, will be entitled only to travel allowances for land transportation from point of entry into the United States to the soldier's next permanent duty station (for example, travel from outside continental United States (OCONUS) to the APOD in CONUS is at the soldier's expense).

1-15. Soldiers who acquire family members after assignment overseas

a. Soldiers who acquire family members after the effective date of PCS orders, may be provided transportation for their family members on a space available basis to accompany or join them at the overseas duty location. This can be done if—

- (1) The overseas commander grants approval for entry of family members into the command.
- (2) Family members will be command sponsored.
- (3) Family members intend to establish a residence.

b. Applications for this travel will be submitted to overseas commanders per chapter 2. Sponsors will be required to serve the tour prescribed for soldiers with family members or to have at least 12 months remaining on the tour after arrival of their family members, whichever is longer. Soldiers who do not have sufficient remaining service to complete this requirement must qualify by taking the appropriate action, prescribed in paragraph 1-13 of this regulation, prior to authorization of space available travel for those family members.

c. Dependent children born after the effective date of PCS orders will travel to the new station at Government expense when the travel of the mother to the new station at Government expense was precluded due to—

(1) The mother's pregnancy or other medical reasons as certified by a medical doctor.

(2) Official reasons such as awaiting completion of school for other children in the family, and so on.

d. Dependent children who do not meet the conditions for space required travel will travel on a space available basis. Sponsors will follow the same procedures for space available travel that apply to close blood and affinitive relatives. Family members traveling space available should be counseled on expenditures during potential lengthy delays at ports of embarkation (for example, billeting and food costs). (See app C, fig C-6 for format of space available travel orders.)

e. Family members who join their sponsor at the overseas duty station under the procedures and conditions in paragraph *a* through *d* of this regulation, and obtain command sponsorship, upon the sponsor's subsequent PCS, will be entitled to transportation at Government expense to the sponsor's next permanent duty station.

1-16. Restrictions

Restrictions on travel of infants, unaccompanied children, and pregnant women (per DoD 4515.13-R) are as follows—

a. Infants. Infant family members less than 6 weeks old will not be authorized to travel on AMC aircraft unless considered medically sound and so certified by a responsible medical officer or civilian physician. The written certification must accompany the infant.

b. Unaccompanied family members. Children older than 6 weeks and under the age of 12 will not be authorized to travel on AMC aircraft unless accompanied by a parent or responsible adult at least 18 years old designated by the parent or a competent authority.

c. Pregnancy.

(1) Pregnant women who are under 240 days gestation will be permitted to travel by military aircraft unless this mode of travel is medically contraindicated.

(2) Whenever possible in cases of pregnancy, family members will be moved prior to the pregnant woman reaching 240 days gestation.

(3) Women who are less than 6 weeks postpartum may be accepted for air transportation if considered medically sound and so certified by a medical officer or civilian physician. The written certification must accompany the passenger.

(4) When, due to factors outside the control of the soldier or his family members, movement cannot be accomplished prior to the pregnant woman's 240 days gestation of pregnancy and a request for deferment under the provisions of AR 614-30 is disapproved, the application will be considered as "concurrent travel applied for and disapproved."

1-17. Medical documentation requirements

a. All family members must complete screening per AR 600-75 and must receive required immunizations per AR 40-562.

b. If enrollment in EFMP is required, family members will not be allowed to travel until medical clearance is obtained from the overseas commander. Family travel applications must include medical or educational documentation. If soldier's availability cannot be met prior to receipt of medical clearance, consideration should be given to defer the soldier.

1-18. Transportation for close blood and affinitive relatives

a. A sponsor's close blood and affinitive relatives, who are permanent members of a sponsor's household and are dependent upon the sponsor for a home, may be furnished transportation to the new duty station overseas on a space available basis. This authorization does not include wards. The sponsor must be otherwise entitled to transportation of bona fide family members at Government expense. Travel must be performed at the same time as the travel of the sponsor or his or her family members. This travel is permitted for only the transoceanic portion of the journey. See appendix C, figure C-6 for a sample space available travel order. DoD 4515.13-R governs use of space available travel.

b. Advance return of noncommand-sponsored family members of a family unit will not be authorized (see JFTR, paras U5240-B, C, and D).

Chapter 2 Briefing Sponsor Prior to Permanent Duty Assignment Overseas

2-1. Providers for briefing

Losing installation commanders, CONUS and overseas, will brief soldiers with family members concerning matters in this chapter. This briefing is provided by the installation office that is delegated this task, upon a soldier's assignment to a permanent duty station (PDS) in an overseas area.

2-2. Eligibility for transportation of family members at Government expense

The installation command briefs soldiers with family members regarding eligibility of their family members for transportation at Government expense.

a. Soldiers who are eligible for and desire concurrent travel of their family members will be briefed regarding the appropriate method, time, and place for submitting their applications. At the time of briefing, sponsors who are assigned to an area where application for concurrent travel—categories 1 and 2—is authorized will be furnished a DD Form 1056 (Authorization to Apply for a "No Fee" Passport), if necessary; DA Form 4787-R, DA Form 4787-1 (Request for Evaluation of Dependent Medical and Educational Problems); Department of State Form DSP-11; DA Pam 55-2, and current pamphlets concerning overseas areas (see figs 2-1 and 2-2 for guidesheets).

b. Soldiers who are not eligible for transportation of family members overseas at Government expense will be advised thoroughly regarding designated place moves.

2-3. Family separation allowance

a. General officers will be processed by procedures outlined by HQDA (DACS-GOM). Soldiers who are eligible for transportation of family members at Government expense will be advised as shown below. When an eligible soldier is assigned to a PDS overseas where—

(1) Family members are restricted from the area, the soldier may be entitled to the family separation allowance.

(2) Application for concurrent travel—categories 1 and 2—is approved, the soldier will be not be entitled to the family separation allowance, except as indicated below.

(a) Family does not travel with the soldier and the family is delayed for more than 30 days; and

(b) The delay is caused by the Government.

(3) The soldier is authorized deferred travel (up to 140 days) after application of concurrent travel, the soldier is entitled to family separation allowance, if otherwise qualified. Upon approval for family members to enter the command, the family separation allowance will not exceed 60 days from date of approval, unless the delay was caused by the Government.

(4) The soldier is denied concurrent travel, the soldier may be entitled to the family separation allowance. Soldiers who later request and obtain approval for family members to enter the command will receive the family separation allowance not to exceed 60 days from the date of approval, unless the delay was caused by the Government.

b. If family members are not authorized to travel overseas with their sponsors concurrently but travel later on a nonconcurrent basis, any deferment of travel by the family members for personal reasons could result in loss of the family separation allowance for the period involved.

2-4. Designated place moves for soldiers assigned to a dependent-restricted tour (JFTR, para U5222-D)

a. When a soldier is assigned to a dependent-restricted tour, the travel and transportation allowances for travel of family members are authorized from the old PDS to a designated place as follows—

(1) Any place in CONUS the soldier designates.

(2) Alaska, Hawaii, Puerto Rico, or any territory or possession of the United States if authorized or approved by the soldier's losing installation commander. (This may not be delegated further.) When approving OCONUS moves to Alaska, Hawaii, Puerto Rico or any territory or possession of the United States, commanders are responsible for ensuring that—

(a) The designated location is the soldier's and or dependents home of record; or

(b) the designated location is the soldier's and or dependent's residency for tax purposes; or

(c) the soldier and or dependents have a family support network in the area of the designated location;

(d) the soldier has taken into consideration all financial aspects of this move to ensure that he is not putting himself in jeopardy. Consideration will be on a case-by-case basis before Government funds will be used to move a family OCONUS.

(3) To the member's next PDS, provided the member is to serve an accompanied tour at that PDS, per JFTR, paragraph U5222-D1d.

(4) Any other place outside CONUS authorized by the Secretary of the Army.

b. Requests for movement of family members to OCONUS locations other than Hawaii, Alaska, Puerto Rico, or territories or possessions should be forwarded to Commander, PERSCOM, ATTN: TAPC-MOT, 200 Stovall St., Alexandria, VA 22332-0433. Requests must be forwarded through the appropriate chain of command through MACOM level.

c. MACOMs should ensure all appropriate documentation is attached, including the MACOM's endorsement with reasons why a request should be approved or disapproved. The MACOM will review each case for justification and supporting documentation and will forward it through HQDA (DAPE-MBB-C) to the Secretary of the Army for approval or disapproval. At a minimum, the justification must meet the criteria listed in (2) above.

d. Requests for designated place moves to the same country to which the soldier is assigned will not be authorized except for extremely warranting cases.

2-5. Selection of tour

After the briefing, each soldier assigned to an area where application is authorized for concurrent travel—categories 1 and 2—will be advised that he or she will be required to elect to serve either the "accompanied" tour or the "unaccompanied" tour. This must be done prior to departure from CONUS or the losing overseas command. If for any reason the soldier does not elect to serve the "accompanied" or "unaccompanied" tour prior to departure, the soldier, as far as entitlement to the family separation allowance is concerned, will be considered as serving the "accompanied" tour (see figs 1 and 2 for guidesheets).

2-6. Selection of "accompanied" tour

Soldiers selecting the "accompanied" tour will be advised that—

a. A soldier must apply promptly for concurrent travel to be eligible for payment of the family separation allowance.

b. The gaining overseas command is the sole authority for approval and disapproval of any request for family travel.

2-7. Selection of “unaccompanied” tour

Soldiers electing the “unaccompanied” tour will be advised—

- a. They will be required to sign a statement to that effect.
- b. The PCS or amendatory orders will contain the statement “Travel of your family members to overseas duty station is not authorized at Government expense during this tour.”
- c. They will be entitled to the family separation allowance.
- d. They will be entitled to transportation of family members to a designated place per paragraph 2-8 of this regulation. Soldiers are authorized only one move at Government expense for the current PCS. Family members will not be entitled to another move from the designated place until the soldier completes a PCS from the overseas location or serves an in-place consecutive overseas tour (IPCOT).

2-8. Designated place moves for soldiers serving an “unaccompanied” tour

a. Soldiers who elect to serve an “unaccompanied” tour may choose to leave their family members at their current location. Alternatively, soldiers are authorized to move family members to a designated place other than the new PDS. However, reimbursement is limited to the cost of the move from the old PDS, to the new PDS. The designated place may be—

- (1) Any place in CONUS the soldier designates.
- (2) The place outside CONUS to which PCS orders state that the soldier is scheduled to be assigned to serve an accompanied tour immediately after completing the unaccompanied tour. The soldier must have sufficient obligated military service to complete the unaccompanied tour and the subsequent accompanied tour. The soldier must also obtain command sponsorship from the overseas commander.

(3) Alaska, Hawaii, Puerto Rico, or any territory or possession of the United States if approved by the installation commander. (This may not be further delegated.) Consideration will be on a case-by-case basis before Government funds will be used to move a family OCONUS. When approving moves to Alaska, Hawaii, Puerto Rico, or any territory or possession of the United States, commanders are responsible for ensuring—

- (a) The designated location is the soldier’s and or dependent’s home of record; or
- (b) The designated location is the soldier’s and or family member’s residency for tax purposes; or
- (c) The soldier and or dependents have a family support network in the area of the designated location; and
- (d) The soldier has taken into consideration all financial aspects of this move.

b. Family members cannot be moved again at Government expense until subsequent PCS orders are issued or the soldier serves an IPCOT. A soldier moving family members to a designated place may move family members to the overseas PDS at personal expense if this is desired. If family members become command sponsored there, they may be moved at Government expense when subsequent PCS orders are issued.

c. The soldier’s orders will include the statement, “Travel of your family members to your overseas duty station at Government expense is not authorized during this tour. You are authorized to make a designated place move to (authorized place)”.

2-9. Change of tour from “accompanied” to “unaccompanied”

a. *Family members remain at old PDS.* A soldier on a “accompanied” tour, whose family members do not join the soldier overseas, may have the tour converted (not prorated) to an “unaccompanied” tour. The request must be made within 12 months after arrival in a long tour area or 6 months in a short tour area. For requests submitted after the above time limits, tours will be prorated according to AR 614-30, table 7-4.

b. *Family members join sponsor at new PDS.* Normally, the sponsor’s tour length will not change when family members depart the overseas command early. However, when family members are moved to a safe haven or designated place under paragraph U6004, JFTR, the overseas MACOM commander may change the “accompanied” tour to an “unaccompanied” tour and adjust the soldier’s date eligible for return from overseas (DEROS) per AR 614-30, table 7-4. Soldiers whose family members join the sponsor overseas, but return early for other official or personal reasons per paragraph U5240-B or D, JFTR, may request through Commander, U.S. Total Army Personnel Command, ATTN: TAPC-EPA-S), Alexandria, VA 22331-0451, to prorate the “accompanied” tour.

2-10. Change of tour from “unaccompanied” to “accompanied”

a. When a soldier who has elected to serve the “unaccompanied” tour decides, after arrival at the permanent duty station overseas, that he or she desires to serve the “accompanied” tour, a request for entry of family members into the overseas command, as an exception to policy, must be approved per AR 614-30, paragraph 7-17. The soldier must still meet requirements to serve the “accompanied” tour as prescribed in paragraph 1-11 of this regulation. However, soldiers who already moved family members to a designated place at Government expense are not authorized a second move at Government expense, unless the soldier obtains an approved IPCOT.

b. Family members who travel to the overseas PDS at personal expense will follow the provisions of paragraph 1-14 of this regulation.

2-11. Application for concurrent travel—category 2

a. Application for concurrent travel should be submitted immediately upon receipt of orders or overseas movement alert. When time permits, sponsors will apply for concurrent travel in sufficient time to permit receipt of the application in the overseas command at least 90 days prior to the sponsor’s availability or reporting date at the transportation area. Any delays incident to late applications, when not completely justified, will not serve to delay the sponsor’s compliance with the original availability or reporting date specified in the sponsor’s orders.

b. The DD Form 1056 issued prior to the approval of concurrent travel is for the purpose of expediting processing should concurrent travel be approved. Approval of this form will not be construed as approval for concurrent travel.

c. The overseas commander will approve concurrent travel when the family members can be accommodated within 60 days after the sponsor’s arrival in the overseas command. The same application (DA Form 4787) will be used by the overseas commander to approve or disapprove deferred travel. Deferred travel normally will be approved when the family members can be accommodated within 61-140 days after the sponsor’s arrival in the overseas command.

d. Soldiers authorized deferred travel for family members are not entitled to move the family to a designated place. Any travel of family members while in the deferred travel status is at personal expense.

e. In the absence of other limiting factors (for example, lack of exceptional family member program (EFMP) requirements dealing with special medical or educational needs), concurrent travel may be authorized on the basis of temporary accommodations being available at a relative’s residence in the overseas area. The temporary residence must meet all command housing requirements. Officers and senior noncommissioned officers (NCOs) will execute a written statement that the relative’s quarters meet the overseas command’s housing standards. All other soldiers will furnish the relative’s address and the relative must send a letter to the overseas commander stating willingness and ability to provide adequate housing until Government housing is available. The family members will reside at this location until economical or Government quarters become available. Soldiers will be counseled regarding—

(1) The possible punitive action which can result from the deliberate falsification of any information provided under provisions of this paragraph.

(2) The sponsor's responsibility to seek suitable quarters upon notification of approval for family travel.

(3) The lack of warehouse facilities to store household goods (HHG) overseas while awaiting housing.

f. When the overseas command has indicated that housing will be available within 60 days after arrival in the overseas command, the soldier's orders will state, "Concurrent travel of your family members is authorized from (authorized origin) to the overseas command (authorized destination)."

g. When automatic concurrent travel is not authorized and housing will be available between 61 and 140 days after arrival in the overseas command, the soldier's order will state, "Deferred travel of your family members to your overseas location is approved. Any travel of your family members to another location will be at personal expense."

2-12. Designated place moves for nonconcurrent travel decision

a. Family members who have been denied concurrent travel and whose anticipated travel to the soldier's overseas duty station will be greater than 20 weeks are authorized to perform a designated place move in CONUS. The installation commander may also authorize movement to Hawaii, Alaska, the Commonwealth of Puerto Rico or a territory or possession of the United States, provided the following conditions exist—

(1) The sponsor was a legal resident of that State, commonwealth, territory, or possession, before entering active duty; or

(2) The sponsor is presently a legal resident of that place; and

(3) The move does not exceed the entitlement from the old PDS to the designated place.

b. If, at a later date, the soldier is entitled to travel and transportation allowances for family members to the overseas PDS, the family members may travel from the designated place to the overseas command provided—

(1) The family members are command sponsored.

(2) The soldier has at least 12 months remaining on the overseas tour on the date the family members are scheduled to arrive there.

c. When concurrent or deferred travel is not authorized and housing will not be available within 140 days after arrival in the overseas command, the soldier's orders will state, "Your family members are authorized nonconcurrent travel. You are authorized to make a designated place move to (authorized place)."

2-13. Sponsors with insufficient remaining service to qualify for overseas movement of family members

Sponsors who do not meet the service requirements of paragraph 1-11 of this regulation will be counseled regarding the provisions pertaining to options available to them to qualify for overseas movement of family members. If they decline to acquire sufficient service to qualify for overseas movement of family members, they will still be required to elect the "unaccompanied" tour in order to be eligible for payment of family separation allowance.

2-14. Restrictions on travel of infants, unaccompanied children, and pregnant women

Counseling will be furnished regarding the information in paragraph 1-16 of this regulation.

2-15. Medical documentation requirements

Counseling will be furnished regarding the information in paragraph 1-17 of this regulation.

2-16. Passports and visas

a. The Department of State delivers all passports for official

travel to the Commander, U.S. Army Service Center for the Armed Forces, ATTN: JDHQ-TP, WASH DC 20310-3111, who then obtains any required visas. Passports and visas of individuals traveling on Government transportation are forwarded to the appropriate passport agent for delivery to the traveler. Passports and visas of family members who have been authorized to travel overseas at Government expense but who have elected to travel commercially at their own expense are forwarded directly to the family members.

b. Family member travel is delayed frequently because of non-receipt of passports. Therefore, applications for passports should be completed immediately after receipt of orders and DD Form 1056 and at least 60 days or more before the availability date. If not readily available, all necessary documents required to support the passport application should be obtained as expeditiously as possible.

c. Information pertaining to processing passports and visas is located in DoD 1000.21-R.

2-17. Naturalization of alien family members

a. Immigration and Nationality Act (see 8 USC 1430 and 1433), waives the residence requirements for alien spouses and adopted children who are authorized to accompany U.S. citizens who are regularly stationed abroad or are being reassigned overseas. However, these aliens must be lawfully admitted for permanent residence and meet all other requirements for naturalization. Aside from all other benefits of citizenship, departure from and reentry into the United States is easier as a citizen than as an alien.

b. All sponsors with alien family members should obtain information on procedures for naturalization of those family members to avert unnecessary delay in the overseas movement of sponsors because of a family member's citizenship problems.

c. All sponsors with alien family members concerned will be advised of the advantages of naturalization of their family members as well as of the disadvantages inherent in failure to obtain their naturalization. Sponsors will be encouraged to take any required actions immediately through the Immigration and Naturalization Service.

2-18. Notification of change of address

The sponsor or family members must notify the installation responsible for issuing travel authorizations of all changes of address or telephone numbers to facilitate the dispatch and receipt of the port call.

2-19. Reporting at terminals

Under no circumstances will family members proceed to the terminal prior to receipt of a port call and the date specified in the port call.

2-20. Exceptional Family Member Program and medical, educational, and dental care

Medical care in military medical facilities is authorized for family members, but is subject to the availability of adequate staff and facilities. In many overseas areas, adequate military or civilian medical care is not available for health conditions family members may have. Local conditions, such as climate, altitude, and lack of educational facilities, may affect family members who require special accommodations. Therefore, the importance of attention to medical, educational, and dental problems of family members before they leave the home station will be emphasized per AR 600-75.

The following guidesheet should be furnished to soldiers assigned to overseas areas where concurrent travel is authorized:

Information

1. Have you submitted a DA Form 4787 and DA Form 4787-1 for movement of family members overseas?
2. Do you have sufficient time remaining in your current enlistment to satisfy overseas service requirements for eligibility for family member travel? If not, do you know that you will be required to overcome this disqualification, in order to be eligible for transportation of your family members overseas at Government expense?
3. Do you have information on housing conditions in the overseas area of your assignment? If not, recommend you write to the overseas commander concerned.
4. Will the restrictions imposed on travel of infants and/or a pregnant family member prevent travel of your family members on AMC aircraft?
5. If you have relatives living in the country to which you are being assigned, have you furnished their name, relationship, and address to permit your family members to reside with relatives pending availability of housing? Do you know that for sergeant first class and below, you must send a letter to the overseas commander stating that they are willing and able to provide adequate housing until Government housing is available?
6. If you have any alien family members, do you know what procedures to follow to expedite their naturalization?
7. Have you and your family members applied for passports, as required?
8. Have your family members obtained necessary immunizations?
9. Do you know that any delay on your part in submitting applications for family travel and passports which results in a delay in processing your family travel might preclude traveling concurrently with your family?
10. Do you know that you are not to report to the Army terminal with your family members before you receive a port call?
11. Have you furnished a firm leave address and phone number at or through which you and your family members may be reached at all times if you are proceeding and a delay en route?
12. If you have elected to delay travel of your family members for personal reasons, have you been informed that movement to a designated place is at personal expense?
13. Do you know that when you accept economy accommodations and subsequently decline acceptance of local economy quarters following arrival overseas, temporary lodging allowance may be denied?
14. Do you know that if your orders are canceled or your reporting date is amended, you should notify this activity and forward a copy of orders to this office?
15. Have you been briefed on your flight information and where to pick up tickets?
16. Have you been briefed on uniform requirements for a military flight, if applicable?
17. If applicable, has leave en route and/or alternate APOE plans been discussed?

Figure 2-1. Guidesheet for Accompanied Personnel

The following guidesheet should be furnished to soldiers who travel unaccompanied:

Information

1. Have you been briefed on type of clothing authorized on your flight?
2. Do you know that you are authorized 2 pieces of checked baggage and one carry on?
3. Have you been given your flight information (including APOE)?
4. Have you been briefed on where you should pick up tickets?
5. If applicable, has leave en route and/or alternate APOE plans been discussed?
6. Have you furnished a leave address and phone number where you may be contacted in case of emergency?
7. Do you know that if your orders are canceled or your reporting date is amended, you should notify this activity and forward a copy of orders to this office?

Figure 2-2. Guidesheet for Unaccompanied Personnel

Chapter 3 Port Calls

3-1. Policy

a. The AMC supports Army travelers on military airlift through the Passenger Reservation System. To maximize the use of AMC-controlled and AMC-contracted air travel, the recommended availability window for travelers is 7 to 10 days. However, the need exists to balance movement requirements between the capabilities of the AMC airlift system and the travelers' considerations.

b. The recommended window may be narrowed to address extenuating circumstances (for example, to prevent "hold overs" at training bases, or to respond to true personal emergencies). The window should only be expanded to meet specific service requirements or with the consent of the traveler.

c. Travelers will be advised promptly of port call arrangements so that they are provided the maximum opportunity to plan their leave and personal travel. Port call requests normally will not be allowed to remain in a "hold" status longer than 72 hours (3 working days).

d. A central port call office will issue port calls in support of its installation and the areas within its geographical responsibility.

3-2. Requesting port calls

a. Soldiers authorized concurrent travel. Soldiers who receive concurrent travel will request port calls through the losing installation. Family members who are not co-located with the soldier will request port calls through the installation responsible for the area where the family members are located. (See app D.)

b. Soldiers authorized deferred travel. Soldiers who receive deferred travel will request port calls through the soldier's losing installation. Upon receipt of the family member's travel authorization to travel overseas, family members will request a port call through the installation responsible for the area where the family members are located. (See app D.) Soldiers who have family members located OCONUS, without a military installation, nearby will request a port call from the soldiers' supporting installation.

c. Soldiers authorized nonconcurrent travel. Soldiers and family members will request port calls as outlined in 2 b above.

d. Soldiers shipping a privately owned vehicle (POV) at Government expense. MTMC vehicle processing centers are not open to receive or release POV's on weekends or Federal holidays.

3-3. DA Form 4600 (Travelope)

a. A travelope is a folder that provides travel information and port call instructions to travelers (fig 3-1). It also contains selected documents to assist travelers in complying with their port call instructions.

b. Port call offices prepare and issue complete DA Forms 4600 to soldiers and family members who require port calls for movement to or from an overseas command. If travelers are not accessible to the port call office, the DA Form 4600 will be mailed to the traveler by certified mail.

3-4. Port call offices

Port call offices—

a. Brief soldiers and family members on the importance of an on-time arrival at the aerial port of embarkation (APOE).

b. Prepare the DA Form 4600 and any AMC transportation authorizations (MTAs) or commercial airline tickets.

c. Inform all travelers that the reporting time and location stated in the DA Form 4600 will take precedence over any other information contained in other documents or previously issued port call instructions. (This includes item 8b on DA Form 31 (Request Authority for Leave) for military personnel.)

d. Brief travelers on actions to take if they cannot report on time for their scheduled port call.

e. Have travelers sign original and record receipt of the DA Form 4600.

f. Check contents of DA Form 4600 to ensure that all required travel documents are present.

g. File the record copy of the DA Form 4600.

h. Cancel invalid port call requests that may have been made with AMC.

3-5. Cancellations.

a. Cancellation for convenience of the Government. Family members whose travel is canceled for the convenience of the Government while they are en route to or at the terminal will be furnished transportation from the place they received the cancellation to the installation which authorized transportation to the terminal.

b. Cancellation for personal reasons. Family members who cancel their travel for personal reasons while en route to or after arrival at the terminal will not be furnished transportation at Government expense to their home or place of selection.

Item 1A. Enter installation or central port call office.

Item 1B. Enter date being prepared.

Item 2A. Enter full name and grade of traveler.

Item 2B. Enter the number of dependents accompanying the sponsor.

Item 3. Enter aerial port of embarkation (APOE) the traveler is reporting to for transportation.

Item 4A. Enter the time and date in which the traveler is to report.

Item 4B. Enter the airline and flight number.

Item 4C. Enter the aerial port of debarkation (APOD) the traveler will arrive at.

Item 5A. Enter the signature block of the agent authorized to issue the DA Form 4600.

Item 5B. Enter the date that signature is completed.

Item 6. Require the traveler to review instructions and sign and date the DA Form 4600.

Item 7. Enter the Personnel Assistance Point (PAP) and phone number responsible for that APOE.

Item 8. No entry required.

Item 9. Enter the Civilian Personnel Office (CPO) responsible for that APOE.

Item 10. Enter additional information. (e.g., family members' names, additional instructions, host country information, etc.)

Figure 3-1. Instructions for completing DA Form 4600

Chapter 4 Dependent Student Travel

4-1. Student travel policy

This section provides policies and functions governing the Dependent Student Travel Program per JFTR, paragraph U5243-C.

4-2. Eligibility, entitlements, and restrictions

a. Eligibility. To be eligible to participate in the Dependent Student Travel Program, the conditions below must exist.

(1) The sponsor must be—

(a) Permanently stationed outside CONUS.

(b) Accompanied by command-sponsored family members (unless the only family members are in the category of family members described in (2) below). See paragraph *c*(4) below for custody issues.

(2) The student must be—

(a) An unmarried dependent child under 23 years old (see JFTR, para U5243-C2c). (Travel must be performed prior to the 23d birthday).

(b) Attending or will be attending a school in the United States to obtain a secondary or undergraduate college education.

(c) Enrolled in a full-time course of study or program. Full-time is defined as 12 semester hours or the equivalent. Students who will be attending school must be within 90 days of their school start date and his or her sponsor must provide a letter of acceptance from the school.

(3) School factors.

(a) If the student is or will be attending a secondary school (see JFTR, para U5243-C2b), a certificate of nonavailability from the Department of Defense Dependent Schools (DoDDs) must be provided to the approval authority stating the child is not eligible to attend a DoDDs school other than on a 7-day-a-week basis.

(b) An undergraduate school must be an accredited institution (see JFTR, para U5243-C2a) that offers courses leading to undergraduate degrees. The school can be a public or private school and a 2-year community or 4-year college or university located in the United States.

b. Entitlements.

(1) *Transportation.* The soldier is entitled to one Government funded round trip per fiscal year (1 October to 30 September) for his or her dependent student between—(a) the student's school and the sponsor's duty station(b) or other such location to meet the family for vacation, not to exceed the cost to the PDS.(2)

(2) *Transportation.* Transportation not used during a fiscal year does not carry over to the next fiscal year. Use of the entitlement is determined by the dates of travel, not the date of the orders authorizing travel.

(3) *Unaccompanied baggage.* A maximum of 350 pounds of unaccompanied baggage may be transported in connection with dependent student travel. Baggage may only be shipped when the transportation is provided by or reimbursed by the Government and may not be shipped independent of travel (for example, unaccompanied baggage must be shipped within 60 days of the travel date).

c. Restrictions.

(1) *Accompanied baggage.* Students are limited to two pieces of checked baggage. Each bag is limited to 70 pounds and may not exceed 62 inches in total dimension. Carry-on luggage is limited to one piece not to exceed 45 inches, and must fit under the passenger seat of the aircraft.

(2) *Separation from school.* Dependent students who graduate, quit, or are otherwise separated from their school must travel within 30 days following their separation to qualify for movement under the Dependent Student Travel Program. Only under extenuating circumstances, such as illness or hospitalization, will a student be authorized to travel outside the 30 days.

(3) *Initial PCS move or initial student travel.* Students who are under 23 years of age will perform their initial travel to the overseas

area using the member's PCS entitlement unless the member demonstrates that excess costs would result. If, by using the PCS entitlement, the member would incur excess costs, the member has the option to use the student dependent entitlement for the first leg of the trip versus the PCS entitlement (only one entitlement may be used, not both). Travel performed on the sponsor's PCS orders is chargeable to the sponsor's movement designator code (MDC) and not to the student travel fund code. Travel under the PCS orders allows travel not to exceed the cost between the sponsor's old duty location or the last authorized designated place and the sponsor's new duty station. Students who use the PCS entitlement to the sponsor's overseas duty station and attain the age of 21 while the sponsor is serving overseas are entitled to return transportation at Government expense upon the sponsor's subsequent PCS.

(4) *Custody.* A student who has reached the age of majority (normally 18) and is no longer the subject of a custody order, may be authorized funded student travel under the provisions above if the student otherwise meets the definition of "dependent" prescribed in JFTR, appendix A.

(5) *Pets cannot be shipped under the Dependent Student Travel Program.* Student travelers who want to ship pets at personal expense must make appropriate arrangements directly with a commercial airline. Dependent students are not eligible to move pets by way of AMC.

(6) *Early or advance return of dependents.* Students who are returned to the United States by the overseas command for any reason using the early return of dependent provision (JFTR, para U5240) are not entitled to dependent student travel. Command-sponsored dependents who return to the United States using this provision are not authorized any further travel between the United States and the overseas area at Government expense. This includes the use of the Dependent Student Travel Program and space available transportation under DoD 4515.13-R.

(7) *Cadets and midshipmen.* Cadets and midshipmen attending a service academy (for example, West Point, Naval Academy, and so forth) are not authorized to travel under the Dependent Student Travel Program. However, cadets and midshipmen are eligible for space available transportation, while in a leave status, from the CONUS APOE to the overseas APOD and return (DoD 4515.13-R, para 4-5b(f)).

(8) *Students attending a vocational or trade school.* Sponsors with students attending a vocational or trade school are not eligible for travel under the funded Dependent Student Travel Program. However, students are eligible for one round trip annually from the CONUS APOE to the overseas APOD using space available transportation. (See DoD 4515.13-R, para 4-5c(2).) The servicing personnel office will publish a space available student travel order per appendix C, figure C-5 of this regulation, which is provided directly to the student or sponsor.

4-3. Application, processing, and travel arrangements

a. Application.

(1) Sponsors apply for student travel according to procedures prescribed by the soldier's supporting MACOM; for example, directly to the MACOM headquarters or through a local PSC. However, applications should be submitted no later than 60 days prior to the student's desired travel time. The sponsor is responsible for providing detailed student information required on the student travel order. The sponsor must identify any special transportation requirements of the traveler, such as handicaps that should be considered when arranging travel.

(2) The MACOM will ensure that the—

(a) Sponsor qualifies for travel of his or her dependent.

(b) Student is eligible for the program.

(c) School qualifies for the program.

(d) Personnel processing office maintains a file for each sponsor who applies for the program for the duration of the overseas tour. The file will contain copies of orders, a counseling guidesheet, and other administrative data.

(e) Student has the appropriate documents required to travel to the overseas station; for example, passport and visa.

b. Processing.

(1) The MACOM personnel processing office ensures that the sponsor is informed of the following:

(a) Subject matters in the sample guidesheet at figure 4-1.

(b) Transoceanic travel will be on a space required basis by AMC when available within (c) below. When AMC is not available, Government-procured commercial transportation may be authorized.

(c) The availability window (1-day window for travel when visiting the sponsor for 30 days or less, and a 3-day window for visits over 30 days) which will be used for the period of travel.

(d) Statements of nonavailability of AMC airlift will be issued only when AMC does not service the destination country or when the transportation authority has determined that AMC is not considered reasonably available. Where the student's destination is not served by AMC, the MACOM may issue travel orders authorizing commercial travel.

(e) Sponsors will not be reimbursed for personally procured transportation without a properly issued statement of nonavailability or if travel is performed prior to the issuance of orders.

(2) The MACOM verifies eligibility and publishes required travel orders. See appendix C for examples of space required (C-4) and space available (C-5) travel orders. The MACOM transmits the order to the sponsor and the Student Travel Operations Center (TAPC-MOT). The sponsor ensures that copies are provided to the student.

c. Travel arrangements and port call procedures.

(1) *Arranging port call.* Upon receipt of orders, sponsors will take the orders and the student's desired itinerary to the local transportation office (TO). The TO will issue port call to the student, based on the availability date provided by the sponsor. The student must fly on AMC, provided the following criteria are met—

(a) The flight is within the availability window.

(b) The student avoids an overnight layover.

(c) The flight connects with necessary commercial flights within 6 hours.

(d) Students are not required to change airports (for example, a student requiring a connecting commercial flight from Frankfurt International should not arrive in the country at Rhein Main on a AMC flight).

(2) *Category Y flights.* For students booked on category Y flights, the TO issues the sponsor the necessary travel documents with the itinerary. The sponsor mails the travel documents to the student. For students booked on category B flights, the TO gives the sponsor a flight confirmation and the itinerary. The sponsor informs the student of the flight information, mails a copy of the orders to the student, and tells the student to report to the appropriate military terminal with a copy of the travel orders, ID card, and passport or visa (if applicable). Students must check in at the appropriate flight counter a minimum of 2 hours before departure and should request to interline baggage.

(3) *Commercial air.* If AMC is not available, the TO—

(a) Maintains the "Y" card for nonuse of AMC. The "Y" card is an advice card from AMC that indicates nonavailability of AMC service during the travel period requested.

(b) Issues a statement of nonavailability to the sponsor or books the travel on the most cost effective route between the school and the sponsor's permanent duty station.

(c) Issues tickets directly to the sponsor if pre-paid tickets are not arranged for pickup at the airline reservation counter.

(4) *Unaccompanied baggage (UB).* Students will coordinate UB shipments with military installations located within 25 miles of the student's school. For students located more than 25 miles from a military installation, the sponsor's TO will arrange for pickup of UB (DD Form 1299 (Application for Shipment and/or Storage of Personal Property)). In either situation, the TO must have a copy of the orders to arrange the shipment. If the carrier attempts pickup and the student is not present to release the baggage, the sponsor may be

charged for the attempted pickup. Explosives, flammable, alcohol, and drugs are prohibited from being packed in unaccompanied baggage.

4-4. Statements of nonavailability

The servicing transportation office issues the statement of nonavailability of an AMC flight for travel which they coordinate. MACOMs are responsible for establishing reimbursement procedures for those sponsors using commercial air for all or part of student travel. A copy of the travel order and statement of nonavailability must be submitted with any travel claim. Reimbursement is not authorized if the student travels prior to the issuance of travel orders. Foreign flag service may only be authorized per JFTR, paragraph U3125-C. Reimbursement for commercial air will not exceed the cost of the ticket between the student's school and the sponsor's permanent duty station or the cost that the Government could have procured the ticket, whichever is less. See figure 4-2 of this regulation for a sample statement of nonavailability.

4-5. Lost, stolen, or destroyed tickets

a. Students should immediately notify their sponsor or the TO when tickets are lost, stolen, or destroyed. Duplicate transportation can only be provided by the Government on a cost charge basis when requested by the sponsor per AR 55-355 and JFTR, paragraph U5237.

b. The student traveler can use personal funds to purchase a replacement ticket not to exceed the original cost of the authorized ticket. The sponsor is responsible for contacting the servicing transportation office or airline which provided the tickets in order to file a request for reimbursement.

4-6. Required travel documents

Students must have the following documents in their possession and ensure these items are not packed in suitcases or unaccompanied baggage—

a. Passport and visa (if required by DoD Force Foreign Clearance Guide).

b. Dependent identification (ID) card.

c. Travel orders.

d. Tickets (if required).

4-7. Travel security

Sponsors should check on the current threat level for travel areas and advise students, if applicable. At a minimum, students should adhere to the following travel security measures—

a. Wear nondescript clothing.

b. Ensure that baggage does not reflect any affiliation with the Department of Defense or U.S. Army.

c. Limit the number of documents which indicate a connection with a military sponsor.

d. Proceed directly to secure areas to await the flight.

e. Avoid discussion of their sponsor's military association with anyone.

f. Blend in with other passengers.

4-8. Funding

MACOMs will fund student travel through a MACOM Operation and Maintenance, Army (OMA) account.

4-9. Reporting

MACOMs will forward a quarterly summary of student travel no later than the 20th day after the end of each quarter for the fiscal year; for example, the first quarter report is due 20 January, and so on. The report will include the number of students who traveled one way or round trip; traveled by way of AMC, AMC or commercial, and commercial; and total funds expended for the quarter. (RCS exempt: AR 335-15, para 5-2 a(3)).

4-10. Student Travel Operations Center

The Student Travel Operations Center is operated by the U.S. Total Army Personnel Command, Transportation Plans and Operations

Division. The following information is provided to assist students with emergencies en route on travel status—

a. Telephone numbers: 1-800-582-5552 (toll-free). Within Virginia, call collect (703) 325-0579, or DSN 221-0579.

b. Mailing address: U.S. Total Army Personnel Command, ATTN: TAPC-MOT, 200 Stovall Street, Alexandria, VA 22332-0433.

c. Message address: CDRPERSCOM ALEX VA//TAPC-MOT//

d. Personnel assistance points: See appendix F.

The Dependent Student Travel Guidesheet is provided for the personnel office as a guide to ensure that sponsors have been briefed on the requirements for the student travel program.

TOPIC

1. Written verification that the family member is a full-time secondary student, or full-time student pursuing an undergraduate degree at an approved and accredited college or university in the United States.
2. Verification of sponsor/student eligibility for travel:
 - a. Sponsor is on an accompanied tour with dependents residing in or near the command. (Sole parents required to be serving the “accompanied tour”).
 - b. Sponsor’s initial PCS entitlement should be used for the first leg of travel or if excess costs would occur, student travel orders can be issued (not both).
 - c. Verification that student is under 23 years of age and unmarried.
3. Provide:
 - a. Student’s date of birth and relationship to sponsor.
 - b. Complete name and location of college or university.
 - c. Sponsor’s name, rank, social security number and complete name of unit of assignment to include APO.
 - d. Confirmed port call dates for the student.
 - e. Confirmed dates of last travel performed under the Student Travel Program.
4. Sponsor has been briefed and understands:
 - a. Student is authorized one round trip per fiscal year (based on date of travel, not orders).
 - b. If student is using PCS entitlement, travel costs will not exceed the cost between the old PDS and new PDS.
 - c. Sponsor is responsible for notifying student of flight arrangements and mailing any necessary tickets and orders.
 - d. The sponsor’s local TO must check for availability of AMC prior to issuing a statement of nonavailability of AMC & arranging commercial air travel.
 - e. Sponsor is responsible for missed pickup charges if student is not available for an unaccompanied baggage pickup.
 - f. Reimbursement for travel with a statement of nonavailability from the ITO will not exceed the cost the Government would have paid to procure the same travel.
 - g. Reimbursement is not authorized for—
 - (1) Travel prior to issuance of orders.
 - (2) Commercial air travel without a statement of nonavailability of AMC flight from the ITO.
 - (3) Travel on foreign flag carriers except under the provisions of JFTR, paragraph U3125-C.

MEMORANDUM FOR Dependent Student’s Sponsor

Subject: Dependent Student Travel—Statement of Nonavailability of AMC for Student’s *(last name, first name, middle initial (MI))*

1. This memorandum constitutes a statement of nonavailability of AMC airlift for the dependent student travel of *(Student’s last name, first name, MI, Social Security Number (SSN), Issuing Headquarters, Orders number)* from student’s school to sponsor’s PDS (or other authorized location, see paragraph 4-2(b) item 1).
2. Reimbursement for personally procured transportation is authorized per JFTR, paragraph U3110-D. Reimbursement is limited to the actual cost of transportation or the amount the Government would have spent, for the available transportation between the student’s school in the U.S. and the sponsor’s PDS, whichever is less.
3. Point of contact for this action is MACOM headquarters issuing orders authority or the sponsor’s transportation office, DSN or Commercial telephone number.

Chapter 5 Family Member Travel

Section I Travel to Overseas Locations and Subsequent Sponsorship

5-1. Possible events

Policies and procedures in this chapter address events that may occur once family members have left the losing installation and are en route overseas. Soldiers who have departed from the losing unit and are accounted for in the Central Transiting Accounting System are under the command and control of the Commander, PERSCOM. The PERSCOM commander, through the Personnel Assistance Points and their headquarters, provides emergency administrative and logistical support to soldiers in transit. Additionally, family members who are affected by official situations which arise while en route to the overseas location will abide by stop movement messages, travel advisories, and other official directives when issued by a competent authority. Family members should contact the nearest Personnel Assistance Point for further information. (See app F of this regulation.)

5-2. In contingency alerts

Certain procedures are involved for movement of family members when a soldier is alerted for or moves to another overseas area under contingency or other operations of unknown duration.

a. When family members have left the port of embarkation, they will complete their travel to their overseas destination. When they arrive at the overseas destination, the overseas commander will determine (based on the circumstances in individual cases) whether they will remain at the overseas station or be returned under the provisions of the JFTR, paragraph U5240-D2.

b. Family members who are being processed for overseas movement, including those who have been issued port calls and who may have reached the port of embarkation, will continue their processing for movement unless the overseas commander or other competent authority (for example, Department of State, Secretary of Defense, and so on) directs that their travel be canceled or suspended. Unless otherwise directed, movement of family members will continue during the period their sponsor is in an alert phase at the overseas permanent duty station. If the sponsor receives a deployment or movement order that may result in a PCS; or, if it is anticipated that the sponsor will be absent from the permanent duty station for a prolonged period, overseas commanders are authorized to cancel or suspend the family travel to the overseas area. Family members who choose to remain in CONUS in the deferred status, although the overseas commander has not amended the family travel, will continue to do so at personal expense.

5-3. Family members acquired after the effective date of PCS orders and desiring travel to the overseas location

a. Soldiers who acquire family members after the "effective date of orders" (see glossary) are not entitled to transportation at Government expense. They are, however, eligible for space available transportation to the overseas location (DoD 4515.13-R). Upon approval from the overseas command for command sponsorship of the family members, the soldier's overseas command will issue the space available travel authorization per appendix C, figure C-6 of this regulation. Examples of figuring the effective date of PCS orders—

(1) Soldier is ordered to PCS with a report date of 10 June. The soldier travels by POC and is authorized 7 days travel time. Soldier gets married on 5 June en route to new PDS.

Authorized and actual reporting date, 10 June

Less 7 days travel time actually used, 3 June

Add 1 day, 4 June

Effective date of PCS order, 4 June The soldier acquired a family member (married) *after* the effective date of the PCS order and is not entitled to transportation of family members at Government

expense, but may be authorized space available transportation once command sponsorship is approved by the overseas command.

(2) Soldier is ordered to PCS with a report date of 10 June. The soldier travels by air and reports one day early. Soldier gets married on 7 June prior to departing for new PDS.

Authorized reporting date, 10 June

Actual reporting date, 9 June

Less 1 day travel time, 8 June

Add 1 day, 9 June

Effective date of PCS order, 9 June The soldier acquired a family member (married) *before* the effective date of the PCS order and is entitled to transportation of the family member at Government expense once all required documentation is approved in the overseas command per chapter 2 and 3 of this regulation.

b. The soldier and family members are responsible for all expenses incurred while awaiting space available transportation (that is, travel to APOE, food, and lodging). Space available passengers should be aware of potential lengthy waits at APOEs. These lengthy periods could cause personal financial hardships. When families must travel space available, soldiers and the chain of command should ensure sufficient funds are available through loans, grants, and so forth. Alternatively, acquired family members may travel space required on a cash reimbursable basis, if they meet the requirements per DoD 4515.13-R, paragraph 3-3b(5).

5-4. Family members who travel to the overseas location at personal expense while the soldier is serving an unaccompanied tour

A soldier whose noncommand-sponsored family members travel overseas at personal expense while serving an unaccompanied tour, or a soldier who acquires dependents overseas and, for either case, subsequently obtains command sponsorship, is entitled to overseas station allowances at the "with dependents" rate on the date of approval of command sponsorship. Additionally, the family is entitled to travel at Government expense from the overseas station on the soldier's next PCS. Travel expenses incurred while traveling to the overseas location are not reimbursable.

5-5. Family members who travel to the overseas location at personal expense while soldier is serving an accompanied tour

The overseas command must issue travel authorizations prior to family members' travel at Government expense. If not authorized reimbursement for travel of family members, upon approval of command sponsorship, the soldier may be entitled to overseas station allowances at the "with dependents" rate and be entitled to family travel at Government expense from the overseas station on the soldier's next PCS.

Section II Movement Within and Between Overseas Commands

5-6. Movement within overseas commands or designated place

a. Family members whose sponsor is making a PCS within an overseas command is the responsibility of the overseas commander. When soldiers, accompanied by command sponsored family members, are moved involuntarily from one overseas location to another because of base closure or similar action, transportation of family members at Government expense and command sponsorship at the new location will be authorized, provided family members are authorized at the new location.

b. Soldiers whose new duty station does not authorize family members are authorized a designated place move per paragraph 2-4 of this regulation.

5-7. Movement between overseas commands or designated place

a. *Processing.* Movement of family members between overseas commands is the joint responsibility of the overseas commanders

concerned. However, the losing command will initiate all processing actions for the soldier.

b. Accompanied to accompanied tour. Soldiers required to serve the accompanied tour when reassigned PCS or selected for an IPCOT shall be given the opportunity to relocate their family members and HHG to their new duty station, provided family members are authorized at the new duty station. Soldiers being reassigned PCS on a COT under this option must be given concurrent travel.

c. Accompanied to unaccompanied tour. If the soldier elects to serve the “unaccompanied” tour upon an approved IPCOT, or PCS, family members can be moved to a designated place per paragraph 2–7 of this regulation.

d. Unaccompanied to accompanied tour. Soldiers who served an overseas tour without family members and then elect to serve a “accompanied” consecutive overseas tour are authorized movement of family members at Government expense, provided family members are authorized at the new duty station. Travel and transportation will not exceed the cost from the authorized designated place, or from the place the Government last moved the family members, to the new overseas duty station. Soldiers will request a family travel decision from the gaining command.

e. In-place consecutive overseas tours. Soldiers who complete their initial overseas tour and agree to serve another complete tour at the same location, may elect to serve the tour unaccompanied or accompanied, provided family members are authorized at the duty station (see subparas *b* and *d* above for each type of tour). Soldiers who desire to bring family members into the command will request a family travel decision from the overseas command.

f. Follow-on assignments. Soldiers who receive orders to a follow-on assignment during an unaccompanied tour are authorized travel and transportation allowances for the family members to the locale of the follow-on assignment in CONUS. However, if the follow-on assignment is OCONUS, the family members must obtain command sponsorship from the overseas command. The soldier may ship his or her POV to the overseas location, if authorized for the particular location, and may place all, or part, of the HHG in nontemporary storage.

g. Family members reside in CONUS, soldier serves a COT or IPCOT. Soldiers who serve an accompanied tour COT or IPCOT are entitled to travel and transportation of the family members from the previous designated place, or from the place the Government last moved the family members, to the new PDS or to the current PDS in the case of an IPCOT. When family members are authorized travel to the soldiers’ overseas duty station, the Army installation in whose area the family members are residing will process necessary documents (such as passports) for family travel to the overseas duty station. The nearest military installation will process documents for shipment of personal property. See appendix D of this regulation for installations responsible.

h. Family members reside in an OCONUS location other than the soldier’s losing duty station, soldier serves a COT or IPCOT. Soldiers who serve an accompanied tour COT or IPCOT are entitled to travel and transportation of the family members from the previous designated place, or from the place the Government last moved the family members, to the new PDS or to the current PDS in the case of an IPCOT. The closest Army installation will process documents for family members residing OCONUS. At locations where an Army installation is not nearby, the soldier’s current overseas command will process necessary documents.

Section III Return from the Overseas Command

5–8. Early return of family members due to official situations

a. Command-sponsored family members who reside overseas may be returned early to CONUS at Government expense under the provisions of JFTR, paragraph U5240–B. Return travel of family members to the overseas command at Government expense is not

authorized except for family members who returned early under JFTR, paragraph U5240–B3.

b. Soldiers whose family members return to CONUS per JFTR, paragraph U5240–B1 and 2, may not be further moved at Government expense until the soldier is ordered on PCS from the overseas PDS or serves an IPCOT. However, if the family members return to the overseas location at personal expense, they are entitled to travel and transportation allowances at Government expense from the PDS on the subsequent PCS, provided the soldier—

(1) Obtains command sponsorship.

(2) Has at least 12 months remaining on station after the arrival of dependents or approval of command sponsorship, whichever is later.

c. Soldiers who return family members early from the overseas station will complete the prescribed accompanied tour.

5–9. Advance return of family members due to personal situations

a. MACOMs may authorize the advance return of command sponsored family members to a designated place in CONUS for extreme situations that have developed after arrival at the overseas PDS. MACOMs may delegate approval authority to installation commanders in the grade of lieutenant colonel or higher, per JFTR, paragraph U5240–D2. If the family members are foreign nationals, they may be authorized travel to a place in the spouse’s country of origin. This authority will not be further delegated and will be a last resort when personal situations cannot be resolved overseas. The approval authority for advance return of family members should consider recommendations from applicable religious advisors; mental health agencies; financial management counselors; and medical, educational, and financial experts, as applicable or appropriate.

b. Family members who return under this provision are no longer entitled to dependent student travel to the sponsor’s overseas location during the current tour.

c. Soldiers who return family members to the overseas location at personal expense and obtain command sponsorship (one requirement for command sponsorship to be granted is that the soldier has at least 12 months remaining on station after the arrival of dependents or approval of command sponsorship, whichever is later) are entitled to travel and transportation allowances at Government expense from the PDS on the subsequent PCS.

5–10. Return travel of family members under the Missing Persons Act or upon death of the sponsor

a. Who is involved. This paragraph applies to family members (without regard to command sponsorship) of a soldier entitled to basic pay who is—

(1) Officially reported as dead.

(2) Injured or ill and the anticipated period of hospitalization or treatment is expected to be prolonged as shown by a statement of the commanding officer at the receiving hospital.

(3) Absent for a period of more than 29 days in a missing status.

b. Family member. The term “family member,” as used in this paragraph, is the same as the term “dependent” as defined in appendix A, JFTR. In addition, when a soldier entitled to basic pay dies while on active duty outside CONUS, the term also includes an unmarried child who was transported at Government expense to such soldier’s PDS, incident to the soldier assignment and became 21 years of age while the soldier was serving at that station.

c. Entitlement. Transportation of family members is authorized to the soldier’s home of record, to the residence of the soldier’s family members, or to such other location as authorized by the installation commander. Transportation may only be authorized or approved when a reasonable relationship exists between the condition and circumstances of the family members and the destination to which transportation is requested.

(1) Family members must complete travel to their final home within 1 year from the date of the official status, or within 1 year after the soldier dies while entitled to basic pay. Requests for extension of a time limitation to permit travel will be sent to the MACOM for final decision. No transportation is authorized under

the provisions of this paragraph when travel is delayed until after receipt of official notice that the soldier has returned to an active status.

(2) Family members who are residing outside CONUS at the time the soldier stationed outside CONUS dies may be transported to an interim location approved by the installation commander subject to limitations in subparagraph 5-10 *c* above. The family members may reside at the interim location pending a decision on where to exercise the entitlement to a final home at Government expense. However, the final move must be exercised within the 1-year time limit.

d. Subsequent entitlement. Family members may be moved again at Government expense when—

(1) Official notice is received that the soldier's status has changed from one to another of those listed in *a* above.

(2) The soldier has been officially reported as absent for a period of more than 1 year in a missing status and the installation commander determines that the circumstances in the case justify an additional move.

(3) The casualty status of the soldier is terminated.

e. Authorization. Family members who meet the criteria for travel under this paragraph, will apply to the nearest military installation for support. See appendix C, figure C-9 of this regulation for required personal data needed and sample travel authorization.

5-11. Return travel of family members of soldiers separated from the Army or relieved from active duty

a. When applicable. The JFTR, paragraph U5225, travel entitlement applies to soldiers on active duty who are separated from the Army or relieved from active duty under conditions other than those outlined in (1) through (4) below.

(1) Duty station erroneously designated as Home of Record.

(2) Separation from the Service or relief from active duty to continue in a service.

(3) Separation from the Service or relief from active duty upon expiration of enlistment or prescribed term of service.

(4) Relief from active duty for soldiers of the Reserve components called (or ordered) to active duty for less than 20 weeks.

b. Entitlement. Soldiers described in *a* above are entitled to travel and transportation allowances for travel of family members not to exceed the entitlement from the last PDS or place to which family members were last transported at Government expense to the place which the soldier elects to receive travel allowances (JFTR, para U5125).

c. Authorization. Family members who meet the criteria for travel under this paragraph, will apply to the nearest military installation for support. (See app C, fig C-10 of this regulation for personal data needed and sample travel authorization).

Chapter 6 Escort Entitlements

6-1. Authorization

a. An escort is a soldier or other person who travels with a minor, incapacitated or patient family member, to and from a medical facility or PDS. After arrival, the escort's duty is finished. An attendant is a soldier or other person who assists or replaces a medical person who provides the patient medical or nursing service en route to or at the patient's bedside in the medical facility. Escort travel at Government expense may be authorized for specific situations requiring a non-medical attendant. When a soldier is authorized to travel as an escort, reimbursement may only be for the soldier's travel and transportation expenses, not another person's. All soldiers or designated escorts, if authorized, must have orders issued by a competent authority prior to initiating travel. Travel will be on a space required basis on AMC or Military Sealift Command (MSC) transportation when available, if not available, the ITO will issue a statement of nonavailability of AMC transportation to the

soldier before commercial travel will be used. Reimbursement of commercial transportation is per JFTR, paragraph U7551.

b. Soldiers exercising a family care plan and who opt to return family members to CONUS will do so at personal expense unless noncombatant evacuation operations are implemented or provisions below are met authorizing an escort at Government expense.

6-2. Soldier as escort

a. Soldier is stationed OCONUS. When a family member is authorized transportation to or from a medical facility for required medical attention which is not available locally, the soldier or another person may travel to attend a family member per paragraph 6-1 *a*, (JFTR para U7550-2).

b. Soldier is stationed in CONUS. When a family member is transferred in a patient status on medical travel orders in CONUS from one medical facility to another medical facility and return for required medical attention which is not available locally, the soldier may travel as an escort per paragraph 6-1 *a*, (JFTR para U7550-6).

6-3. Escort travel by a sole-parent soldier or dual military couples

a. Deferred or nonconcurrent travel status. When a family member of a sole-parent soldier or dual military couple was not authorized to travel concurrently with the soldier to the new duty station, the sole-parent soldier or one parent of a dual military couple, but *not* another person, may travel as an escort when travel to the new duty station is authorized for the family member (JFTR, para U7550-3). Dual military couples need not be serving a joint domicile tour. Round trip travel is authorized for the soldier to return for the family member and escort the family member to the new duty station. However, escort travel will not be approved for soldiers whose family members are over 18 years of age and were denied concurrent travel, unless the family member is medically unable to travel unaccompanied. Travel will be on a space required basis on AMC or MSC transportation when available. If the transportation is not available, a statement of nonavailability from the ITO must be issued to the soldier prior to arranging commercial transportation (see JFTR, paragraph U7551 for reimbursement).

b. Transportation under unusual or emergency circumstances. When a family member is authorized transportation per JFTR, paragraph U5240 (for example, advance return of dependents), the sole-parent soldier or one parent of a dual military couple, but *not* another person, may travel as an escort to the authorized destination of the family member (who is not over 18 years of age, unless medically unable to travel alone) and return to the permanent duty station (see JFTR, para U7550-6). Travel will be on a space required basis on AMC or MSC transportation when available. If not available, the ITO will issue a statement of nonavailability of AMC transportation to the soldier prior to arranging commercial transportation (see JFTR, paragraph U7551 for reimbursement).

6-4. Transportation incident to evacuation of family members.

See JFTR, paragraph U7550-5.

6-5. Escort travel of dependents when soldier dies, is declared missing, or is injured

When a soldier is reported officially as dead, injured, ill, or absent for more than 29 days, as classified in JFTR, paragraph U5241, and family members are entitled to travel and transportation allowances, a soldier or another person may be authorized to escort the family members.

6-6. Travel

a. The orders issuing authority will authorize per diem only for the amount of time that the member is in a travel status (JFTR, para U2200). Additional time taken by the member will be charged as ordinary leave to the member (JFTR, para U7553-c).

b. AMC or MSC transportation will be used on a space required basis as the directed mode for such travel when available. Travel

must be arranged through an installation transportation office. Soldiers who personally obtain a ticket from any other source, will not be reimbursed for the cost of the ticket that exceeds the cost that would have been incurred by the Government if AMC or MSC transportation were unavailable.

6-7. Approval and funding

a. Soldiers or other authorized escorts must have orders issued by the competent authority. Authorization will be in standard orders format or may be transmitted electronically. See appendix C, figure C-12 of this regulation for a sample travel order.

b. Travel of escorts or attendants under this chapter will be authorized only when the order-issuing authority has determined that travel by the family member(s) is necessary and that the family member(s) is incapable of traveling because of age, physical or mental incapacity, or other extraordinary circumstances that require that the family member(s) be accompanied by an escort or non-medical attendants.

c. MACOMs will fund escort travel as temporary duty. Health Service Command (HSC) has and will provide fund cite for non-medical attendants.

Chapter 7 Emergency Leave Travel

7-1. Approval

a. The guidelines for approval of emergency leave for soldiers are addressed in AR 630-5. Approval of emergency leave is a prerequisite to any emergency leave travel by a soldier. Thus, commanders are encouraged to be familiar with the requirements to authorize or approve emergency leave and establish unit procedures to process emergency leave requests. Soldiers and family members must have a travel authorization prior to commencing travel at Government expense. Travel orders will include the authorized origin and destination for the travel.

b. Travel entitlements for soldiers (JFTR, para U7205) are based on their—

- (1) Permanent duty station.
- (2) Location when notified of emergency
- (3) Domicile (Domicile is only a factor if the member is stationed in CONUS).
- (4) Emergency leave site.
- (5) Commander's authorization for their travel.

c. Travel entitlements for family members (JFTR, para U5244) are based on the following—

- (1) Sponsor's domicile (Domicile is only a factor if the member is stationed in CONUS).
- (2) Family members' current location.
- (3) Command sponsorship status (if overseas).
- (4) Commander's authorization for family members to travel.

d. Although a soldier may be authorized emergency leave, commanders should consider the type of emergency situation prior to authorizing travel for family members to accompany the soldier. Commanders should determine the utility of the presence of the family members based on the circumstances requiring emergency leave for the soldier. For example, the death of the soldier's parent may warrant the presence of the soldier's family. However, it may not be appropriate to allow family members to travel to an emergency leave site if the soldier's presence is required because of a disaster, such as a hurricane or tornado.

e. Travel entitlements for soldiers and family members may differ. Thus, soldiers and family members must travel with separate travel authorizations to identify entitlements and, in certain situations, allow family members to travel without the sponsor (JFTR, para U5244). Travel authorizations will be issued as shown in appendix C of this regulation (fig C-8 or C-11 for family members and C-13 for soldiers).

f. Although soldiers may be entitled to travel as outlined in tables

7-1 through 7-3 below, soldiers and family members must have proper documentation and meet requirements as listed in the DoD Force Foreign Clearance Guide.

7-2. Travel for close-blood or affinitive relatives

a. Close-blood or affinitive relatives who are *permanent* members of the soldier's household and dependent upon the soldier, are authorized space required transportation on a cash reimbursable basis, as provided in DoD 4515.13-R, paragraph 3-3 b(5) provided the—

(1) Soldier's legal dependents are authorized transportation at Government expense.

(2) Travel is performed within 30 days of the travel of the sponsor or of his or her family members.

(3) Travel is only for the transoceanic portion of the journey.

b. Space available travel is not authorized for close-blood or affinitive relatives in conjunction with the sponsor's emergency leave. It may only be authorized during a PCS move.

7-3. Travel authorizations or orders

The soldier's parent unit is responsible for issuing emergency leave orders and applicable travel authorizations. However, soldiers who are notified of an emergency at an ordinary leave site (when different from the emergency leave site) away from the permanent duty station should request support from the nearest military installation. The nearest military installation can issue the orders after verifying entitlements and obtaining a fund cite from the parent unit. For family members who are not collocated with the sponsor, travel authorizations will be sent to the military installation nearest the family members. See appendix C of this regulation for appropriate sample travel authorizations.

**Table 7-1
Emergency leave travel when the soldier's permanent duty station (PDS) is in CONUS**

Soldier's Domicile Is	Emergency Leave Site Is	Soldier's Travel Entitlement Is	Dependent's Travel Entitlement Is
In CONUS	OCONUS	AMC Space Required Travel Only, Authority is DoD 4515.13-R, paragraph 3-3 a(2). Commercial Travel is not authorized.	AMC Space Available, Category 1 Only, Authority 4515.13-R, paragraph 4-5 a(5). See note 1.
Does Not Apply	CONUS	AMC Space Available Only, per DoD 4515.13-R, para 4-6 a	Are not authorized AMC Space Available travel within CONUS
OCONUS	OCONUS	Funded commercial air or AMC Space Required Travel From— The Int'l Airport nearest the PDS or location at the time notified of the emergency TO— The Int'l Airport in, Alaska, Hawaii, Puerto Rico or U.S. possession or an Int'l Airport outside of the U.S. when authorized by the leave approval authority. Authority JFTR, Para. U7205.	Funded travel, the same as the sponsor's. Authority is JFTR, paragraph U5244-B4. See note 2.

Notes:

1. Separate travel orders will be published for the soldier and family members. Soldier will be issued a travel order authorizing AMC Space Required Travel, include fund cite and CIC code. Family members will be issued a travel authorization for AMC Space Available Travel, Category 1, see appendix C, figure C-11. Do not combine AMC Space Available and AMC Space Required Travel on one order.
2. See appendix A, JFTR for definition of a 'dependent' (same as 'family member'. Family members are not required to accompany the sponsor. If the family members travel without the sponsor, see appendix C, figure C-8 of this regulation for sample travel authorization.

**Table 7-2
Emergency leave travel when the soldier's permanent duty station is OCONUS and the soldier is accompanied by command sponsored family members**

Emergency Leave Site Is	Soldier's Travel Entitlement Is	Family member's Travel Entitlement Is
CONUS	Funded commercial air or AMC Space Required Travel From— Int'l Airport nearest PDS or location when notified of the emergency TO— Closest Int'l Airport in CONUS to which a scheduled flight is available, authority is JFTR, para. U7205. See Note 1.	Funded travel same as the sponsor's, authority is JFTR, para. U5244-B. See Note 1.
OCONUS	Funded commercial air or AMC Space Required Travel FROM— Int'l Airport nearest PDS or location at the time notified of the emergency, TO— Int'l Airport in Alaska, Hawaii, Puerto Rico, U.S. Possession or any other location outside the U.S. when authorized by the leave approval authority. Authority JFTR, para. U7205. See Note 2.	Funded travel is same as the sponsor's. Authority JFTR, para. U5244-B4. See Note 2.

Notes:

1. AMC flights need not be direct nonstop. Use of AMC flights that have stops within CONUS are authorized. Travel to the emergency leave site from the closest international airport in CONUS will be at the member's expense.
2. If sponsor and/or family members must transit CONUS to reach the emergency leave location outside CONUS, travel across CONUS will be at Government expense.

**Table 7-3
Emergency Leave Travel when the soldier is stationed OCONUS and the soldier is accompanied by NON-COMMAND SPONSORED family members**

Emergency Leave Site Is	Soldier's Travel Entitlement Is	Family Member's Travel Entitlement Is
CONUS	Funded Commercial Air or AMC Space Required Travel From— Int'l Airport nearest the soldier's PDS or location at the time notified of the emergency TO— Closest Int'l Airport in CONUS to which a scheduled flight is available from the Int'l Airport that the soldier departed. Authority JFTR, para. U7205. See Note 1.	AMC Space Available Category 1, One-Way Only. Authority— DoD 4515.13-R, para. 4-5 a(5). Round-trip is not authorized! per DoD 4515.13-R, para. 4-5 a(5).
OCONUS	Funded commercial air or AMC Space Required Travel from— Int'l Airport nearest soldier's PDS or location at the time notified of the emergency TO— Int'l Airport in Alaska, Hawaii, Puerto Rico, U.S. Possession or any other location outside the U.S. when authorized by the leave approval authority. Authority— JFTR, para. U7205. See Note 2.	AMC Space Available Travel, Category 1, One-Way Only. Authority— DoD 4515.13-R, para. 4-5 a(5). Roundtrip travel is not authorized! per DoD 4515.13-R, para. 4-5 a (5).

Notes:

1. AMC flights need not be direct nonstop. Use of AMC flights that have stops within CONUS are authorized. Travel to the emergency leave site from the closest international airport in CONUS will be at the soldier's expense.
2. If the soldier must transit CONUS to reach the emergency leave site outside CONUS, travel across CONUS will be at Government expense.

**Table 7-4

Temporary Duty Station Is	Permanent Duty Station Is	Soldier's Travel Entitlement Is
CONUS or OCONUS	CONUS or OCONUS	Government Funded Transportation From— Location of Temporary Duty Station TO— Soldier's PDS or to the emergency leave site, not to exceed the cost of transportation to the PDS when authorized by the leave approval authority, per AR 630-5, chapter 6 and JFTR, para. U7205-B. See Note 1.

Notes:

1. Transportation funds are provided from the PDS as if the soldier is traveling on TDY.

Chapter 8 Temporary Duty Travel Overseas

8-1. Basis for activity

a. This chapter outlines policy governing OCONUS temporary duty travel, implements policy in DoD Directive 4500.54, and prescribes the use of DoD 4500.54-G, DoD Force Foreign Clearance Guide (FCG). It sets forth procedures and requirements for obtaining theater, country, and special area clearances, including travel between overseas commands and permissive temporary duty travel OCONUS.

b. The FCG is recognized by DoD as the sole prescribing authority for travel clearance and identification requirements for U.S. military and DoD civilians to enter foreign countries on official business. The FCG sets forth special travel areas, foreign country entrance requirements, OCONUS commander's requirements within their area of command, and procedures to obtain permission to visit an area OCONUS.

c. All requests for OCONUS temporary duty travel overseas will be processed according to the FCG.

8-2. Eligibility

a. This chapter concerns—

(1) All DA military and civilian personnel including members of the Army National Guard (ARNG) and United States Army Reserve (USAR).

(2) Non-DA personnel traveling under Army sponsorship, except members of Congress.

b. This chapter does not apply to—

- (1) Travel of personnel in troop movements.
- (2) Intra-theater troop movements.
- (3) Travel by personnel in unified or overseas commands to units of those commands.
- (4) Aircrew personnel when performing aircrew duties only.
- (5) Travel by a commander or field command personnel to units under their command.
- (6) Travel by personnel of international staffs or organizations within their assigned areas of responsibility.
- (7) Travel for investigations, surveys, and special inquiries by the U.S. Army Inspector General.

c. Some categories of OCONUS TDY travel do not require theater or area clearance. These categories are listed in the FCG under the country or countries being visited.

8-3. Policy

It is Army policy that—

a. The number of visits and visitors to overseas areas shall be kept to a minimum.

b. Visits will be made only when business cannot be carried out by other means.

c. Visits will be arranged with a minimum requirement on equipment, facilities, time, and services of installations and personnel being visited.

d. Trips to the same general area and in the same general period shall be consolidated.

e. Length of visits will be kept short.

f. Maximum use of Air Mobility Command (AMC) flights will be made when flights meet mission requirements.

8-4. Supporting activities

Major Army commanders and Army staff agency heads or their designated representatives at the two-star level will—

a. Ensure clearances for all personnel are obtained for travel sponsored by that command or agency. This includes personnel from other commands or agencies attached in support of the mission.

b. Appoint one travel clearance manager within their command or staff to be responsible for ensuring compliance with the specific clearance requirements outlined in the FCG, including those contained in the FCG's General Information Booklet. Travel clearance

managers will not be appointed below the major subordinate command (two-star or equivalent) level. Travel clearance managers will—

(1) Obtain and keep current the DoD FCG.

(2) Ensure that personnel applying for OCONUS travel meet all clearance requirements of the FCG, Army regulations that apply, and local policies.

(3) Maintain copies of all correspondence pertaining to individual and group travel clearances.

(4) Inform the travel approval official of any restrictions or additional requirements (such as immunization, passport, visa, and clothing requirements as outlined in the FCG) for travel and clearances.

(5) Forward to the travel approval official responses to travel clearance requests.

c. Appoint travel approval officials within their command or staff to screen travel requests. Approving officials will not be appointed below the Colonel (O-6) level, and will normally be the approving official at block 18 on DD Form 1610 (Request and Authorization for TDY Travel of DoD Personnel). Travel approval officials—

(1) Request "Special Area" clearance concurrently with country and theater clearances.

(2) Screen requests per policy in paragraph 8-3.

(3) Ensure sufficient funds are available for travel prior to approval.

(4) Ensure approved travel clearances have been obtained prior to the commencement of travel.

(5) Ensure that travelers apply for passports and visas (as required) immediately. Information regarding the requirements for passports and visas can be obtained from the travel clearance manager. Submission for passports and visas should not be delayed pending final travel clearance approval.

8-5. Processing requests

a. Travel clearance managers establish time frames for the submission of travel requests. These time frames will allow sufficient time for processing the travel request with the OCONUS agency according to the time frames established in the FCG for that country.

b. Travel approval authorities submit requests for OCONUS travel to the travel clearance manager. Requests will contain the following—

(1) Countries to be visited.

(2) Full name, grade, position title, passport number (if available), SSN, organization, and security clearance of visitors.

(3) Specific purpose of visit to include briefings requested and offered and subjects to be discussed.

(4) Date and nature of invitations on which visit is based, if appropriate.

(5) Proposed itinerary, including estimated times and dates of arrival and departure and transportation mode to each place.

(6) Alternate visit dates if visit cannot be accommodated at preferred time.

(7) Name, grade, and position title of key personnel to be visited.

(8) Logistical and administrative support required, including billeting and ground and air transportation.

(9) Statement of availability of funds.

(10) Implications if travel is not approved.

(11) Statement of whether classified information will be disclosed and to whom. If disclosure to foreign nationals is involved, include the security classification of information and authority for disclosure.

(12) Name and Defense Switched Network (DSN) and commercial phone numbers of travel approval authority submitting request.

c. Travel clearance managers inform the travel approval official of the requirements for passports and visas (as applicable) at the time of submission of the travel clearance request from the travel approval official.

d. Travel clearance managers forward requests for travel clearances to the applicable country in accordance with the procedures outlined in the FCG for that country. Requests will be submitted within the time frame outlined in the FCG for that country.

e. Travel clearance managers inform the approval official of the response for travel clearance.

8-6. Clearance and briefing requirements

a. Theater or country clearance is required for any TDY OCONUS except for travelers listed in *j* below, or if specifically excluded by the FCG.

b. If travel requires clearances with the Department of State (DOS) or the Office Under Secretary of Defense (Policy), OUSD(P), obtain these clearances before requesting theater or area clearance.

c. If travel is to a “special area” as indicated in the FCG, travel clearance managers will concurrently request DOS clearance through the OUSD(P) which shall notify the approval official or traveler, through appropriate channels, when DOS clearance has been obtained.

d. Detailed foreign travel itineraries of DoD civilian officials appointed by the President, members of the Joint Chiefs of Staff, and the Vice Chairman of the Joint Chiefs of Staff, will be classified CONFIDENTIAL with declassification upon trip completion. Only the composite itinerary that contains the overall schedule, including arrival and departure times and places, is classified when associated with the official. Necessary coordination and administrative arrangements to develop and execute the elements of the itinerary may be handled on an unclassified basis.

e. The DOS shall be notified, through OUSD(P), when travel will involve—

(1) Contacts or meetings with foreign government officials or industry representatives when foreign policy will be discussed with these individuals.

(2) Meetings with information media personnel when matters affecting foreign policy will be discussed.

(3) Briefings or logistical support from U.S. Embassy or consular personnel.

f. Visits by personnel of U.S. noncryptologic organizations to U.S. cryptologic overseas activities must be coordinated in advance with the Director, National Security Agency (NSA), or his or her designated area or command representative. This does not apply to visits to U.S. cryptologic activities involving purely interdepartmental matters of a particular Service. Guidance pertaining to visits to foreign cryptologic activities is contained in DoD TS-5105.12-M-2.

g. When travel of persons will involve the disclosure or presentation of classified information or export-controlled unclassified technical data, justification for the travel must include a statement that the appropriate disclosure authorization has been approved to comply with DoD Directives 5230.11, C-5230.23, 2040.2, or 5230.9, and AR 380-10. If the traveler must carry classified material, he or she shall also state that they are aware of requirements to protect classified information as outlined in DoD 5200.1-R, chapter VIII, section 3, and AR 380-5, chapter VIII. If the traveler is expected to have access to foreign government classified information, additional certification may be required by the FCG.

h. When it is necessary for personnel in a travel status to carry classified material while performing official duties, the procedures in DoD 5200.1-R, chapter VIII, section 3 and AR 380-5, chapter VIII shall be followed.

i. Theater clearance requests for visits to nuclear weapon storage sites shall be processed as required by applicable Unified Command directives.

j. All proposed visits to overseas areas, other than those to U.S. possessions, by DoD civilian officials appointed by the President, members of the Joint Chiefs of Staff, and the Vice Chairman of the Joint Chiefs of Staff, will be cleared with the Executive Secretary of the Department of Defense, through the OUSD(P), before plans or arrangements are communicated abroad.

k. In cases where clearances may not be required and the traveler will visit a host-government activity or contractor facility where classified information might be discussed, the personnel clearance provisions of the FCG and related host-government security requirements will be complied with. If the FCG is not clear in this respect,

the travel clearance manager will contact the applicable U.S. Defense Attache Office (DAO) or Offices of Defense Cooperation (ODC) for additional information on host-government requirements.

l. Security managers and special security officers will provide a pre-travel security brief per AR 381-12, paragraph 7, if travelers will—

(1) Travel in or through countries whose interests are opposed to those of the United States.

(2) Attend international professional meetings where representatives of countries having interests opposed to those of the United States will take part.

m. Travelers will also be briefed by their command or agency force protection officer per AR 525-13, appendix B, concerning both the threat posed to their safety and the precautions that should be taken to minimize their vulnerability when traveling to or through countries which are listed as high physical threat countries in the latest DA Force Protection Travel Advisory message from HQDA ODCSOPS.

n. Additional requirements (when applicable) for travel by senior officials are contained in the FCG under the country.

8-7. Passport and visa requirements

a. The FCG lists passport and visa requirements. Passports and visas will be processed according to DoD 1000.21-R, Passport and Passport Agent Services and the Department of State Passport Agent's Manual.

b. Passport applications should not be delayed pending formal approval of travel clearances.

8-8. Requesting the DoD Force Foreign Clearance Guide

a. Requests for the FCG should be sent on letterhead stationery and include justification, FCG booklets required, number of copies, and exact mailing address. If you require an FCG Classified Supplement, your request must indicate that classified storage (up to Secret) is available. If you desire copies of the current FCG booklets (as opposed to new booklets as they are published), include this statement in your request— “Initial distribution requested.”

b. Send requests to—

(1) *Mail.* Defense Mapping Agency Combat Support, Center/PMSR, 6001 MacArthur Blvd Mail Stop D-16, Bethesda, MD 20816-5001

(2) *FAX.* DSN 287-2498, Commercial (301) 227-2598

(3) *Telephone inquiries.* *Customer Service*, DSN 287-2495, Commercial (301) 227-2495

c. The FCG is updated on a quarterly basis.

Appendix E
Listing of Official International Airports in the United States

The following list contains international airports (Designated International Airports of Entry and Landing Rights Airports) officially recognized by the Federal Aviation Administration. In addition to the designated international airports below, there are a number of airports in the United States that contain the word “International” within their names but are not officially so designated. However, without the official recognition, these airports have no international

status. This listing may be used to determine emergency leave travel per AR 55-46, chapter 7.

**Appendix F
Personnel Assistance Points**

PERSCOM operates four personnel assistance points at the international airports listed below to assist in-transit soldiers, their family members and DoD civilians.

**Table F-1
Personnel Assistance Points**

Charleston PAP

Areas of Responsibility:

Charleston IAP
Charleston AFB
Atlanta IAP
Miami IAP

Telephone Numbers:

1-800-554-3210
(803) 566-5807
DSN 673-5806
FAX 673-5805

Address: Commander, PERSCOM Personnel Assistance Point
Charleston International Airport
Charleston, SC 29404

John F. Kennedy PAP

Areas of Responsibility:

JFK IAP
Logan IAP (Boston)
Newark, IAP (New Jersey)

Telephone Numbers:

1-800-227-8890
(718) 244-1096
DSN 232-4304
FAX (718) 656-6225

Address: Commander, PERSCOM Personnel Assistance Point
JFK International Airport, Delta Flight Center
New York, NY 11430-1972

Philadelphia PAP

Areas of Responsibility:

Philadelphia IAP
Washington-Dulles IAP
Washington-National IAP
Baltimore-Washington IAP

Table F-1
Personnel Assistance Points—Continued

Telephone Numbers:

1-800-443-0355

(215) 897-5646

DSN 443-5646

FAX (215) 897-5686

Address: Commander, PERSCOM Personnel Assistance Point
Philadelphia International Airport, Terminal D
Philadelphia, PA 19153

St. Louis PAP

Areas of Responsibility:

Lambert - St. Louis IAP

Chicago O'Hare IAP

Dallas - Ft. Worth IAP

Minneapolis - St. Paul IAP

Seattle - Tacoma IAP

Los Angeles IAP

San Francisco IAP

Portland, OR

Telephone Numbers:

1-800-325-1680

(314) 263-6253

DSN 693-6253 / 6254

FAX 693-6247

Address: Commander, PERSCOM Personnel Assistance Point
Lambert St. Louis International Airport
St. Louis, MO 63145-0305

Notes:

The Seattle PAP closed as of 1 October 1992 and the Washington-Dulles PAP closed as of 1 October 1993.

Legend for Table G-1:

Reference: DoD DIR 1315.7 Military Personnel Assignments

1. See para E.1.b for tour length policies for Alaska.

2. See para E.1.b for tour length policies for Hawaii.

Not all members are eligible to serve an accompanied tour. Eligibility is controlled by U.S. Forces Korea. Those not eligible to serve an accompanied tour shall be considered to be serving a dependent restricted tour.

4. Adak, Alaska tour length was changed per HQDA message 102142Z AUG 93.

5. Fort Sherman, Atlantic Community, Panama tour length was changed on 1 September 1993.

Appendix H Management Control Evaluation Checklist

H-1. Function

The function covered by this checklist is clearance requirements and procedures for official temporary duty travel outside CONUS.

H-2. Purpose

The purpose of this checklist is to assist MACOM, Division, and Installation OCONUS TDY Travel Clearance Managers in evaluating their key management controls. It is not intended to cover all controls.

H-3. Instructions

Answers must be based on the actual testing of key management controls such as document analysis, direct observation, interviewing, sampling, and simulation. Answers that indicate deficiencies must be explained and corrective action indicated in supporting documentation. These management controls must be evaluated at least once every 5 years. Certification that this evaluation has been conducted must be accomplished on DA Form 11-2R (Management Control Evaluation Certification Statement).

H-4. Test questions

a. Are requests for OCONUS TDY travel screened in accordance with the DoD Foreign Clearance Guide (DoD 4500.54-G) to determine whether an overseas travel clearance is required or not required?

b. Are country/area/theater clearance requests prepared and sent to the appropriate overseas command for approval at least 30 days prior to a projected OCONUS TDY travel date?

c. Do travel clearance managers immediately notify the Office Under Secretary of Defense (Policy), OUSD(P), when their traveler's itinerary involves contacts or meetings with foreign government officials to discuss matters of foreign policy or if the traveler(s) require briefings/support from U.S. Embassy or consular personnel?

d. If an OCONUS TDY traveler will be traveling to or through high physical threat countries listed in the latest DA Force Protection Travel Advisory message from HQDA ODCSOPS, has the traveler received a pre-travel security briefing from the command security manager?

H-5. Supersession

This checklist replaces the checklist for AR 1-40, Clearance Requirements and Procedures for Official Temporary Duty Travel Outside the Continental United States, previously published in DA Circular 11-93-2.

H-6. Comments

Help make this a better tool for evaluating management controls. Submit comments to Commander, PERSCOM, 200 Stovall St., ATTN: TAPC-MOT, Alexandria, VA 22332-0433.

Section II

Terms

For terms used in this regulation, the definitions in JFTR, volume 1, appendix A apply unless otherwise stated.

Accompanied Tour Length

The longest tour length prescribed according to DoD Directive 1315.7 for a specific overseas area or duty station where command-sponsored dependents are authorized. Also referred to as the accompanied-by-dependents tour length.

Accredited Institution

A school recognized by the Secretary of Education and listed in the "Directory of Post Secondary Institutions", Volume I (4 year) and Volume II (2 year), published by the Center for Education Statistics.

Acquired Dependent (same as Acquired Family Member)

A soldier's family member acquired through marriage, adoption, or other action during the course of a soldier's current tour of assigned duty. The term does not include persons dependent on the soldier or children born of a marriage that existed prior to commencement of the soldier's current overseas tour.

Aerial Port of Debarkation

The destination of overseas airlift missions.

Aerial Port of Embarkation

The origin of overseas airlift missions.

Air Mobility Command (AMC)

As referred to in this regulation, the former Military Airlift Command (MAC).

Availability window

A period of time during which Air Mobility Command is given first opportunity to provide airlift for travel of Army sponsored travelers. The period of time may differ based on the type of travel. For example, for dependent student travelers, a one day window will be used for students visiting the sponsor for 30 days or less. A three day window will be used for students visiting the sponsor for over 30 days.

Close blood and affinitive relatives

A permanent member of, and a resident in, a soldier's household who is dependent on the sponsor for a home. This does not apply to a legal dependent. However, when a dependent loses identity as a dependent, such as attaining the age of 21 when the dependent does not qualify for dependent student travel under paragraph 4-2, he or she will be considered a close blood or affinitive relative if the provisions of this definition are met.

Command sponsored dependent (same as command sponsored family member)

Family member(s) residing with the soldier at a location outside CONUS, where the "accompanied tour" is authorized and the soldier is authorized to serve that tour, and where the family members meet the following conditions—

a. The family member is entitled to travel to the soldier's duty station at Government expense incident to the PCS orders.

b. The family member is authorized by the appropriate authority to be at the soldier's duty station.

c. As a result of their residence in the vicinity of the soldier's duty station, the family member(s) entitle the soldier to station allowances at the with-dependents rate.

Commercial air

Airline service which is not chartered, contracted, or operated by AMC.

Concurrent Travel

a. Category 1. Automatic concurrent

travel can be authorized by losing installation, except for soldiers in the Exceptional Family Members Program.

b. Category 2. DA Form 4787-R must be sent to overseas commander for approval.

Consecutive Overseas Tour

The PCS reassignment of a soldier from one overseas PDS to another overseas PDS, regardless of whether it is within the same country or inter or intertheater. Completion of the initial overseas tour is not essential. (Exception to the PCS requirement is when the soldier serves an in-place consecutive overseas tour).

Continental United States (CONUS)

The 48 contiguous States and the District of Columbia.

Country clearance

Clearance granted by the foreign authorities (through American embassies, USDAO, ODC, MAAG, and others) for official travel to that country.

Dependent (same as family member)

See the definition of dependent in the JFTR, Volume 1, Appendix A.

Dependent Restricted Tour

An overseas PDS with an established tour that does not permit command sponsored family members.

Designated location

A authorized location in the United States, Alaska, Hawaii, the Commonwealth of Puerto Rico, or a possession or territory of the United States named by the soldier as the place where the soldier's family members will establish a residence until further Government transportation of family members is authorized. OCONUS designated locations must be authorized as specified by chapter 2 of this regulation.

Domicile

For the purposes of emergency leave travel, domicile is the soldier's official home of record, place the soldier entered active duty, or the soldier's permanent legal residence. The soldier has the option to select his or her domicile based on official documentation.

Effective date of PCS orders

For soldiers being separated or retired (not including reservists being separated and recalled retired soldiers who continue in an active status during the time allowed for return travel home) the date for determining entitlement to travel and transportation allowances (authorized weight of household goods, eligibility for travel of family members, and so on) is the last day of active duty (JFTR, app A). For other soldiers, it is the date a soldier is required to begin travel from the old permanent duty station, the soldier's home or place from which called (or ordered) to active duty, the last temporary duty station, or the designated place, whichever applies, in

order to arrive at the new permanent duty station, home, or place from which called (or ordered) to active duty, on the date authorized by the mode of transportation authorized and or used (see para 5-3).

Family member

For the purpose of travel authorizations in this regulation (unless otherwise stated), the definition of family member is the same as "dependent" defined by app A, JFTR.

Flight categories (Military Airlift)

a. Category B. Movement of passengers in planeload lots on U.S. commercial aircraft chartered by AMC.

b. Category M. Movement of passengers on military aircraft, normally operating between military air terminals.

c. Category Y. Movement of passengers in less than planeload lots on U.S. flag carriers' scheduled commercial flights, (for example, seats procured by AMC).

d. Category Z. Movement of passengers on U.S. flag carriers regularly scheduled commercial flights (economy class) performed under Category Z tariff rates.

Foreign flag service

Any non-United States flag/certified carrier.

Full-time student

A student who attends undergraduate school a minimum of 12 equivalent semester hours, or meets the minimum requirements of the school to maintain a full time status.

Home-of-record

The place recorded as the home of the soldier when commissioned, appointed, enlisted, inducted, or ordered into the relevant tour or active duty. The place recorded as the home of the soldier when reinstated, reappointed, or reenlisted remains the same as that recorded when commissioned, appointed, enlisted or inducted or ordered into the relevant tour of active duty unless there is a break in service of more than one full day. Only if a break in service exceeds one full day, can the home of record be changed by the soldier. Travel and transportation allowances are based on the officially corrected recording in those instances when, through a bona fide error, the place originally named at time of current entry into the Service was not in fact the actual home. Any such correction must be fully justified and the home, as corrected, must be the actual home of the member upon entering the Service, and not a different place selected for the soldier's convenience. An officer who received a commission or warrant from an enlisted grade or was called to active duty as an officer while serving as an enlisted soldier and erroneously designated the place where then serving as the home may be paid allowances to the home of record in the enlistment papers upon subsequent separation from the Service or release from active duty, provided the soldier certifies he or she erroneously designated a duty station or a

nearby place as the home at time of commission whereas the home was in fact the place shown in the enlistment papers.

In place consecutive overseas tour

When, upon completion of his or her initial overseas tour, to include voluntary extensions, the soldier serves another complete tour at the same duty station. No PCS movement is involved.

Installation commander

See JFTR, volume 1, appendix A for definition of an "installation".

International airport

Designated U.S. International Airports are listed in appendix E of this regulation and appendix 1 of the Federal Aviation Administration's Advisory Circular No: 150/5000-5B, which may be periodically updated.

MAAG

A joint Service group, normally under the military commander of a unified command and representing the Secretary of Defense, which primarily administers the U.S. military assistance planning and programming in the host country.

Noncommand sponsored dependent (family member)

Family member(s) residing with the soldier at a location outside CONUS, where the "accompanied" tour may or may not be authorized for the soldier. These family members are not entitled to travel to and from the soldier's overseas duty station at Government expense nor is the soldier entitled to station allowances at the "with dependents" rate. This family member may either be an "acquired dependent" or may enter the command without endorsement of the appropriate authority.

Nonconcurrent travel

Family member travel performed from a designated place or PDS within 140 days after the soldier's arrival in the overseas area.

Official travel

Authorized travel and assignment solely in connection with business of the Department of Defense or the Government. See Joint Federal Travel Regulations, para U2000 (Or Joint Travel Regulations, Volume 2 for DoD civilians).

Oversea MACOM commander

The senior Army commander in each overseas command.

Passport

Internationally recognized travel document issued under the authority of the Secretary of State attesting to the identity and nationality of the bearer. A passport indicates that its bearer is entitled to receive the protection and assistance of the diplomatic and consular offices of their country while abroad. In essence, it is a request on the part of the

issuing government that officials of foreign governments permit the bearer to travel or sojourn in their territories and afford them lawful aid and protection. A passport does not constitute authority to enter any country; however, many countries have procedures which permit U.S. citizens to enter their territory without further documentation upon presentation of a U.S. passport.

Personnel clearances

One or more of the three types of clearance - special area, country, and theater - required for personnel travel into a country.

Port call

Official notification or instructions which require a soldier or dependents to report for transoceanic transportation. The port call designates the aerial or sea port of embarkation, identifies the carrier with flight number or sailing assignment, specifies the required reporting time and date, and provides such other instructions as are relevant to the transportation arrangements made on behalf of the traveler(s).

Soldier

U.S. Army officers, warrant officers, and enlisted personnel.

Special area clearance

Clearance granted by the Department of State and the Under Secretary of Defense for Policy (through SECDEF/USDP:ADMIN and service headquarters/agencies) for official travel to countries designated as "Special Areas" by the Department of State.

Sponsor

A soldier responsible for his or her family members or close blood or affinitive relatives.

Statement of nonavailability

A statement from the ITO office authorizing a sponsor to personally procure commercial transportation in the event AMC transportation is not available or in the event a U.S. Flag carrier is not available.

Theater clearance

Clearance granted by the Unified Command (through component commanders or other designated authority) for official travel to military installations (headquarters and subordinate elements) within the geographical area of responsibility (theater) of the unified command.

Travel approval official or travel approval authority

Major Army commanders and Army staff agency heads or their designated representatives at the Colonel (O-6) level. Normally, the travel approval official is the approving official of the DD Form 1610 (block 18). Further delegation of approval authority below the Colonel (O-6) level is not authorized.

Travel authorization

A written instrument issued or approved by the Secretary of the Army, or such person(s) to whom authority has been delegated or redelegated to issue travel orders, directing a soldier or group of soldiers (and or soldier's family members) to travel between designated points.

Travel clearance function

The process of determining the requirements for OCONUS travel as set forth in the DoD FCG (DoD 4500.54-G), Army regulations, and MACOM and local policies, and ensuring the applicants for OCONUS travel meet those requirements. The function is performed by travel clearance managers.

Travel clearance manager

An individual appointed on orders to perform the travel clearance function of OCONUS TDY travel. (See chap 8)

Unaccompanied baggage

Baggage which can be shipped in conjunction with the traveler to the authorized destination, but will not accompany the traveler.

Unaccompanied tour

The tour length that is authorized at a specific overseas area or duty station for soldiers who are not accompanied by command-sponsored family members.

Unified Command

A command with a broad continuing mission under a single commander and composed of significant assigned components of two or more Services, and which is established and so designated by the President, through the Secretary of Defense, or when so authorized by the Joint Chiefs of Staff, by a commander of an existing unified command established by the President.

United States

The 50 states and the District of Columbia.

Ward

A person placed by authority of law under the temporary care of a guardian.

With dependents tour

See "accompanied tour" length as defined above.
